(d) In issuing certificates of registration for apiaries, if there is a conflict between applicants with respect to location, the department shall give preference to the applicant having the oldest, continuous apiary registration.

(e) Certificates of registration shall not be issued for new apiaries which are within such close proximity to established registered apiaries that there is danger of spread of bee diseases, bee parasites or bee pests or that the proximity may interfere with the proper feeding and honey flow of established apiaries.

(f) Each apiary registrant shall post in a conspicuous location at or near each apiary he owns legible evidence of registration, including his name and telephone number.

(g) The department shall notify each registrant of his delinquency, if that registrant fails to reregister by April 1 of each year. The notification shall be by certified mail and is sufficient if deposited in a United States post office or mail box at least ten (10) days before May 1 and addressed to the registrant at his last address appearing in the department's apiary registration files. Any apiary registration which has not been received by May 1 of each year is forfeited and all rights under the registration terminate.

(h) Any person who owns or possesses any bees, hives, colonies or beekeeping equipment in this state or who owns or possesses an apiary in this state and who fails or refuses to register that apiary as provided in this chapter is guilty of a misdemeanor and upon conviction thereof is subject to the penalties set forth in W.S. 11-7-133.

(j) Repealed By Laws 2010, Ch. 14, § 3.

11-7-202. General apiary registrations.

(a) In order to control, limit and prevent the spread of bee diseases, bee parasites or bee pests among bees, hives and apiaries and to control, limit and prevent interference with proper feeding and honey flow of established apiaries, general apiaries registered to different persons shall be located at least two (2) miles apart, except as otherwise provided in this article. The department shall not register or issue a certificate of registration for any general apiary that is located less than two (2) miles from a general apiary registered to another person, except as otherwise provided in this section.

(b) Any person may register a general apiary that is situated less than two (2) miles from another general apiary he has registered, if the location of the general apiary being applied for is at least two (2) miles from general apiaries registered to other persons.

(c) A general apiary may be registered even though it is less than two (2) miles from any registered pollination apiary, landowner apiary or hobbyist apiary.

(d) A person with an existing apiary that is located less than two (2) miles from an existing general apiary registered to another person may register his apiary as a general apiary under the following conditions:

(i) His apiary is established and registered with the department as a general apiary under the department's rules in effect prior to December 31, 2009; and

(ii) The registration of his apiary has not been forfeited or abandoned.

11-7-203. Pollination apiary registrations.

(a) The department may grant pollination apiary registrations to commercial seed and fruit producers or other commercial agricultural producers under the following conditions:

(i) The applicant must own, lease or rent the land upon which the pollination apiary is to be located and the applicant must use the land for the purpose of growing a commercial seed, fruit or other crop which is dependent upon bees or other insects for pollination;

(ii) The applicant does not own the bees or the hives which are to be placed upon the pollination apiary;

(iii) The only purpose of the apiary is to pollinate a commercial agricultural crop;

(iv) The applicant shall provide the department with all pertinent information necessary to determine if pollination apiaries are needed to pollinate the applicant's crop adequately;

(v) The department may refuse to register a pollination apiary based upon its own investigation of the matter, but if the department approves the application, it shall specify the number of hives and location of pollination apiaries needed for the purpose of pollinating the applicant's commercial agricultural crop adequately; and

(vi) A copy of the pollination contract between the seedgrower and beekeeper shall be sent to the department.

(b) A pollination apiary registration is valid only for the time period the department specifies, and all pollination apiaries shall be removed within two (2) weeks after the end of the bloom period of the crop to be pollinated.

(c) No certificate of registration of a pollination apiary may be leased, assigned or transferred and no person other than the pollination apiary registrant may exercise in any way any rights or privileges authorized by the certificate of registration.

11-7-204. Landowner apiary registrations.

(a) The department may grant landowner apiary registrations under the following conditions:

(i) The applicant shall be a landowner, as defined in W.S. 11-7-131(a)(xiii) and shall own the land upon which the apiary will be located;

(ii) The applicant shall own the bees and the hives that will be placed on the apiary; and

(iii) The applicant shall personally manage and operate the bees and the hives.

(b) No certificate of registration of a landowner apiary shall be leased, assigned or transferred and no person other than the landowner apiary registrant shall exercise in any way any rights or privileges authorized by the certificate of registration.

11-7-205. Hobbyist apiary registrations.

(a) The department may grant hobbyist apiary registrations to hobbyist beekeepers under the following conditions:

(i) The applicant shall not own a total of more than five (5) hives, and all of the hives must be placed on the hobbyist apiary;

(ii) The applicant shall own the bees and the hives and shall personally manage and operate the bees and the hives;

(iii) Only one (1) hobbyist registration is allowed an applicant and only two (2) hobbyist apiary registrations are allowed a family unit; and

(iv) If the department determines that too many hobbyist apiaries are being registered within too close proximity of each other or of other established apiaries so that there is danger of the spread of bee diseases, bee parasites or

bee pests among bees or apiaries or that there will be interference with the proper feeding and honey flow of established apiaries, the department may refuse to grant any further hobbyist registrations in the locality and area of the danger.

(b) No certificate of registration of a hobbyist apiary may be leased, assigned or transferred, and no person other than the hobbyist apiary registrant may exercise in any way any rights or privileges authorized by the certificate of registration.

11-7-206. Restrictions on apiary locations.

Pollination apiaries, landowner apiaries and hobbyist apiaries may be located less than two (2) miles from pollination apiaries, landowner apiaries, hobbyist apiaries and general apiaries registered to other persons. General apiaries may be located within two (2) miles of one another only under the provisions of W.S. 11-7-202.

11-7-207. Changing locations; enlarging or selling apiaries.

(a) No owner of an established registered apiary shall change the location of the apiary without first receiving from the department authorization to establish the new apiary. In making the application, the owner shall specify the location of the apiary with the same particularity as in the application for original registration. If the new apiary is not used according to W.S. 11-7-211, the certificate of registration lapses and all rights under the registration terminate. Registrations for new apiaries shall not be issued for greater areas than the applicant can show are reasonably necessary for his needs consistent with good beekeeping practice.

(b) A registered apiary may be sold or transferred to a purchaser subject to applicable provisions of this chapter if all bees and equipment on the apiary are sold to the purchaser.

(c) No person may increase the number of hives on an apiary to exceed the number of hives consistent with good beekeeping practices authorized by his certificate of registration for that apiary, except that a person may increase the number of hives on a general apiary beyond the number authorized by the certificate of registration in order to protect his bees and hives from bears or other predators. A

person may also enlarge a general apiary during the spring buildup and in the fall after the end of the honey season in order to gather his bees for shipment out of the state or to winter his bees on that apiary.

11-7-208. New locations; evidence of owner's or manager's permission.

Any person registering a new location for the first time shall have the approval signature of the landowner or manager thereof indicating that the landowner has given permission to place an apiary on his property.

11-7-209. Minimum number of colonies.

All registered bee locations must consist of not less than ten (10) colonies of bees during a minimum of forty-five (45) or more continuous days during any part of normal buildup or honey producing period of the year. This provision does not apply to beekeepers who own a total of less than five (5) colonies of bees registered in only one (1) apiary.

11-7-210. Normal buildup and honey producing season; registration time; voiding registration.

(a) The normal buildup and honey producing season begins on May 1 and continues through September 30.

(b) The regular registration time consists of the months of February through April.

(c) The established way for voiding the registration of an apiary shall be initiated and completed by January 31 during the same registration year that the apiary was not in use.

11-7-211. Forfeit of registration; termination of rights; disposition of equipment.

(a) The registration of an apiary which is not stocked with bees during at least forty-five (45) continuous days of the normal buildup or honey producing season is forfeited and all rights under the certificate of registration terminate.

(b) An apiary not regularly attended in accordance with good beekeeping practice, which comprises a hazard or threat to disease control in the beekeeping industry or which by reason of its physical condition or construction cannot be inspected, may

be considered an abandoned apiary and may be seized by the department. Any diseased equipment or equipment which by reason of its physical condition or construction cannot be inspected may be burned, and any remaining equipment may be sold at public auction. Proceeds, after the cost of the sale is deducted, shall be returned to the former owner or his estate. Before burning or selling any equipment, the department shall give the owner or person in charge a written notice at least five (5) days before the burning or sale. The notice shall be given by certified mail or personal service upon the owner or person in charge of the property. If the owner or person in charge cannot be located, a certified letter sent to the owner's last address registered with the department is sufficient notice under this section.

11-7-212. Registration fees.

(a) Each year before a certificate of registration may be issued for an apiary, the owner or applicant for the certificate shall pay the department a registration fee in the amount authorized by W.S. 11-1-104, with the exception of those apiaries classified as hobbyist apiaries, which will be issued a nonfee certificate of registration.

(b) Repealed by Laws 1993, ch. 135, § 3.

11-7-213. Holding yard apiary location.

(a) The department may grant a certificate of registration for a temporary holding yard location to provide an area for holding hives prior to and after returning from pollination of a commercial agricultural crop in another state.

(b) A temporary holding yard location shall not be used for planned honey production.

(c) A general beekeeper shall provide the department location information for all temporary holding yard locations by designating the yard name and latitude and longitude coordinates which shall be included on the yearly renewal application and designated with "HY" for holding yard, as the authorized class.

(d) A colony may be held at a temporary holding yard location for not more than two (2) months during the spring and for not more than two (2) months during the fall.

11-7-214. Spray yard apiary location.

(a) The department may grant a certificate of registration for a spray yard apiary location to provide an area for holding hives during pesticide application to allow a safe haven for the health and safety of the bees.

(b) A spray yard apiary location shall not be used for planned honey production.

(c) Any hive shall not be held at a spray yard apiary location for more than sixteen (16) days after any pesticide application and the hive then shall be returned to the registered location.

(d) A general beekeeper shall notify the department or the apiary inspector when hives are moved to spray yard apiary locations.

11-7-215. Variance agreements.

(a) Upon request from a general beekeeper, the department may enter into a variance agreement with the general beekeeper because of drought conditions, crop rotation, conservation reserve program acres or other unforeseen circumstances adverse to a yard location.

(b) Following a thorough investigation of each request under subsection (a) of this section, the department shall determine whether or not to enter into the requested variance agreement. If granted, a variance agreement shall contain an expiration date, after which the bees shall be returned to the original registered location. Failure to return the bees to the original registered apiary location shall cause that registered apiary location to be forfeited.

(c) Signed copies of a variance agreement between a beekeeper and the department shall be on file in the department's Cheyenne office and with the area apiary inspector and the beekeeper.

ARTICLE 3 INSPECTION AND CERTIFICATION - APIS BEES

11-7-301. Apiaries; powers and duties of the department.

(a) To prevent the spread of bee diseases, bee parasites or bee pests among bees and apiaries, to protect apiaries against depredation by wildlife and to assist law enforcement agencies in an effort to alleviate losses due to theft, the department may:

(i) Order the transfer of colonies of bees from hives or containers which cannot be properly examined for brood or other bee diseases, bee parasites or bee pests to other hives or containers;

(ii) Order disinfection of any bee, beehive, brood comb or any other equipment which is infected or contaminated and burn any infected or contaminated bee, beehive, brood comb or any other equipment if, in its judgment, disinfection will not remove the infection or contamination. Before burning any property, the department shall give the owner or person in charge a written notice at least ten (10) days before the date on which the property will be burned. The notice shall be given by certified mail or personal service upon the owner or person in charge of the property;

(iii) Quarantine any apiary where foulbrood or any contagious or infectious bee diseases, bee parasites or bee pests are present and, during the quarantine, prevent the removal from the apiary of any bees or equipment except under a special permit issued by the department permitting the removal under conditions it prescribes. A person may not sell or offer

for sale any apiary, bees or equipment which are under quarantine unless the department issues a permit authorizing the sale or removal. Written notice of quarantine shall be posted by the department, owner or person in charge at the quarantined apiary at a conspicuous place, and a copy shall be personally served or sent by certified mail to the owner of the apiary or person in charge. The quarantine continues in effect until it is ordered removed and a copy of the removal order served in the same manner;

(iv) Inspect any apiary, hives, equipment or premises for the presence of bee diseases, bee parasites or bee pests. Hives belonging to persons owning apiaries within the state shall be inspected for contagious diseases according to schedules established by the department. Apiary inspectors shall establish the date for the inspection of any apiary with the beekeeper. The inspection date shall be agreeable to the inspector and the beekeeper and shall include a total of seven (7) consecutive days upon which the inspection can be undertaken due to weather and unforeseen circumstances. Any beekeeper responsible for an apiary who refuses an inspection on any of the seven (7) agreed upon dates is subject to penalties provided pursuant to W.S. 11-7-133;

(v) Order the hives within an apiary which is not legally registered with the state to be confiscated. The owner of the apiary shall be notified at least seven (7) days prior to the date of confiscation. Notification shall be by certified mail addressed to the last known address of the owner or by personal service upon the owner;

(vi) Promulgate and enforce rules adopted to carry out the purpose of this chapter;

(vii) Enter into agreements with the game and fish commission as necessary to protect bees and hives against wild animals;

(viii) Assist any sheriff, peace officer or district attorney in any county in the discharge of their duties or investigations relating to the apiary industry.

(b) Any owner of bees possessing more than fifty (50) colonies shall furnish one (1) helper to assist the inspector. Apiary inspectors may inspect bee colonies at any time without previous notice.

(c) Any person failing to comply with a rule, order or provision of a quarantine pursuant to this section is subject to penalties provided in W.S. 11-7-133.

11-7-302. Importation of bees, combs or hives.

(a) A beekeeper shall notify the department and request an inspection to be conducted at any specified registered location or holding yard not later than fourteen (14) days after entry of any colony into this state. Following an inspection for colony health, the department may issue an export certificate for any colony imported into Wyoming. An export certificate is valid for one (1) year and allows export from and re-entry into Wyoming at any port of entry.

(b) Bees shipped on combless packages or in packages on new frames and new foundation are not prohibited.

(c) Comb honey in sections intended for human consumption is not prohibited.

(d) All package bees shipped into Wyoming shall be accompanied by an affidavit stating that no honey has been used for food in transit. It is unlawful for anyone shipping queen bees in cages into this state to use any honey for queen cage foods.

(e) If an official Wyoming apiary inspector finds that any bees imported into the state have infectious or contagious diseases within fourteen (14) days after arrival, the apiary inspector shall destroy the diseased bees and equipment.

(e) A representative sample of the population of bees imported shall be inspected as the basis for certification.

(f) No person shall import used nesting materials.

(g) No bee shall be certified unless all other requirements for certification under W.S. 11-7-403 are met.

(h) Used metal or plastic equipment may be imported with prior written notice to the department. Used equipment shall be sanitized prior to entry into this state and immediately after entry as provided by W.S. 11-7-401(a)(x).

(j) Any person not already owning or having leaf-cutter bees in Wyoming who imports leaf-cutter bees for the first time into an area where no leaf-cutter bees have previously been placed by that person shall meet the standards for unconditional leaf-cutter bee certification established by rules and regulations adopted by the department.

11-7-405. Restrictions on rearing, moving and trapping bees; permits; fees.

(b) It is unlawful to sell or offer for sale any product which resembles honey and which is labeled, advertised or otherwise represented to be honey, if it is not honey. The word "imitation" shall not be used in the name of a product which resembles honey whether or not it contains any honey. The label for a product which does not resemble honey but which contains honey may include the word "honey" in the name of the product, and the relative position of the word "honey" in the product name, and in the list of ingredients when required, shall be determined by its prominence as an ingredient in the product.

11-8-102. Penalty.

The license fee for each establishment shipping nursery stock into Wyoming shall be the fee authorized by W.S. 11-1-104. No license shall be granted to a nonresident unless the applicant agrees to furnish with each shipment of nursery stock an affidavit stating that the nursery stock to be sold, offered for sale or transported into Wyoming has been inspected by the proper state, district or county officials of the state of origin and found free from injurious insects, plant diseases and prohibited, restricted, regulated or designated noxious weeds.

(f) Licenses granted to nursery stock dealers or salesmen expire on March 31 of each year. All license fees collected shall be deposited in the general fund.

(g) Charitable and educational institutions shall be exempt from licensing requirements imposed by this section.

11-9-103. Right of entry of authorized persons for inspection.

The director, or his authorized agents, during reasonable business hours, may enter upon or into any premises, lands, establishments or places in this state where they suspect that injurious insects, other pests, plant diseases or prohibited, restricted, regulated or designated noxious weeds occur for the purpose of inspecting, controlling or exterminating insects or

The proposed order shall direct the warehouseman to discontinue the violations of law, rule or regulation.

(c) The warehouseman may request a hearing on the proposed order before the director in accordance with W.S. 11-11-121(b). If the warehouseman does not request a hearing in writing within the prescribed time period, the proposed order shall become a final cease and desist order and the department shall serve the final order upon the warehouseman.

11-11-120. Temporary cease and desist order; warehousemen; service.

(a) If the department believes the actions of a warehouseman or of any officer, director, employee or agent of the warehouse pose an immediate threat to the safety and soundness of the warehouse or to the interests of the depositors or creditors of the warehouse, the department shall issue a temporary cease and desist order to the warehouseman or officer, director, employee or agent of the warehouse pending final action on the proposed cease and desist order issued pursuant to W.S. 11-11-119(a).

(b) The temporary order shall be in writing and shall be served upon the warehouseman. Any custom formula feeds containing drugs or medications shall also be provided as outlined in subsection (a) of this section with a claim statement and the guaranteed analysis of the drug or medication used, expressed in terms respective to the type of drug or medication used. Should any custom formula feed be distributed to any other person than the final purchaser for whom the feed was made, it shall be considered a commercial feed and shall meet all labeling and registration requirements of a commercial feed as outlined in this act.

(c) Every lot, package or parcel of mineral mixtures sold, offered for sale or distributed as commercial feed within this state shall have a tag or label affixed in a conspicuous place on the outside containing a legible printed statement truly certifying:

(i) The net weight of the contents of the package, lot or parcel stated in the required avoirdupois;

(ii) The product name and brand name, if any, under which the mineral mixture is distributed;

(iii) The name and principal mailing address of the manufacturer or person responsible for distributing the mineral mixture;

(iv) The minimum and maximum percent of calcium (Ca) subject to the following limitations:

(A) The maximum percent of calcium shall not exceed by more than twenty percent (20%) the minimum percent of calcium unless the minimum percent of calcium is five percent (5%) or less, in which case the maximum percent of calcium may exceed the minimum by one percent (1%) of calcium; and

(B) Where limestone is used as a source of calcium in livestock minerals sold in Wyoming, no limestone shall be used which contains less than ninety percent (90%) of calcium carbonate (CaCO₃).

- (v) The minimum percent of phosphorus (P);
- (vi) The minimum percent of iodine (I);
- (vii) The maximum percent of sodium chloride (NaCl);
- (viii) The specific generic name of each ingredient used in its manufacture.

(d) The crude protein, crude fat, crude fiber, vitamins and minerals shall be determined by the methods in force at the time by the Association of Official Analytical Chemists.

11-13-104. Powers and duties of director generally.

(a) The director shall enforce the provisions of this chapter and may prescribe the form of tags, stamps or labels to be used to show that the registration has been properly filed. The director may prescribe and enforce rules and regulations relating to the sale of commercial feed he deems necessary and may adopt such standards and definitions to carry into effect the full intent and meaning of the law.

(b) The director may refuse to register any commercial feed under a name, brand or trademark which would tend to mislead or deceive as to the materials of which it is composed, or when the specific name of each ingredient used in its manufacture is not stated except for those feeds that utilize collective terms in the labeling. He may refuse registration of any application not in compliance with the law and may cancel any registration subsequently found not to be in compliance with the law. No registration shall be refused or cancelled until the registrant has been given opportunity to be heard before the director and to amend his application in order to bring it into compliance.

(c) An applicant may appeal the refusal to register a product in accordance with the Wyoming Administrative Procedure Act.

11-13-105. Registration; fees; disposition thereof.

(a) Each commercial feed except custom formula feeds shall be registered before being distributed in this state. The application for registration shall be submitted on forms furnished by the director, and if the director requests, shall also be accompanied by a label or other printed matter

describing the product. Upon approval by the director or his agent, a copy of the registration shall be furnished to the applicant. All registrations are effective from the date of approval and expire on December 31 each year. The director may permit on the registration the alternative listing of ingredients of comparable feed value, but the label for each package shall state the specific ingredients in the package except for those feeds which utilize collective terms in the labeling.

(b) A distributor is not required to register any brand of commercial feed which is already registered under this act by another person.

(c) Changes in the chemical or ingredient composition of a registered commercial feed may be permitted if there is satisfactory evidence that such changes do not result in lowering the feed value of the product for the purpose for which designed.

(d) Each application for registration shall be accompanied with a forty dollar (\$40.00) registration fee per mixture or formula. The registration fee shall be deposited in the state general fund.

11-13-106. Right of access to establishments and information relating to manufacturing; sampling and analysis.

(a) The director or his agent shall have access during normal business hours to establishments or facilities in which commercial feed is manufactured, transported or held for distribution, and to information relating to manufacture, transportation or distribution of the feed for purposes of sampling and inspection.

(b) The methods of sampling and analysis shall be those adopted by the director from the Association of Official Analytical Chemists. In cases not covered by such methods, or in cases where methods are available in which improved applicability has been demonstrated, the director may adopt such appropriate methods from other sources. The director, in determining whether a commercial feed is deficient in any component, shall be guided solely by the official sample analyzed in accordance with the methods so adopted. A deficiency in an official sample of commercial feed resulting from nonuniformity during packaging is deemed to be a deficiency for the purposes of this act. For purposes of this act, the results

of official analysis shall be final, unless it is determined by the director that a resample is warranted. If a distributor or registrant requests a resample of a commercial feed based upon the director's findings of a deficiency, all costs associated with the resampling and analysis shall be borne by the distributor or registrant. If the results of the resampling establish the result of the first analysis was invalid, the department shall bear the costs associated with the resampling. Any requests for a resample to the director shall be made in writing.

(c) When the inspection and analysis of an official sample indicates a commercial feed has been adulterated or misbranded, the results of analysis shall be forwarded by the director to the distributor and the purchaser. The following shall apply:

(i) A commercial feed shall be deemed to be misbranded if:

(A) Its labeling is false or misleading in any particular;

(B) It is distributed under the name of another commercial feed;

(C) It is not labeled as required in W.S.
11-13-103;

(D) It purports to be or is represented as a commercial feed or if it purports to contain or is represented as containing a commercial feed unless such feed conforms to the definition outlined by the official publication of the Association of American Feed Control Officials, except as the director designates otherwise in specific cases;

(E) Any word, statement or other information required by or under the authority of this act does not appear conspicuously on the label, and in such terms that the ordinary person under customary conditions of purchase and use would not understand;

(F) The commercial feed is short weight. All provisions for enforcement of items found to be short weight shall be administered by the department under W.S. 40-10-117 through 40-10-136 of the Wyoming weights and measures law.

(ii) A commercial feed shall be deemed to be adulterated if:

(A) It bears or contains any poisonous or deleterious substance which may render it injurious to health, but in case the substance is not an added substance, such commercial feeds shall not be considered adulterated under this subsection if the quantity of such substance does not ordinarily render it injurious to health;

(B) It contains an unapproved food and drug administration drug, medication or animal remedy;

(C) Any valuable constituent has been in whole or in part omitted or abstracted therefrom or any less valuable substance substituted therefor;

(D) It contains any prohibited noxious weed seeds or exceeds the tolerance established on restricted noxious weed seeds pursuant to W.S. 11-12-104 or exceeds two percent (2%) of viable common weed seeds by weight.

11-13-107. Warning to distributor; seizure and order of disposition; application for release.

(a) When the director or his authorized agents find that an article is unregistered, mislabeled or misbranded, adulterated or that it does not conform to its label guarantee, he may issue a written statement warning the distributor that the article is considered to be in violation of the law. This statement is a warning only, to the distributor that if the article is distributed further the director may bring proceedings. If the distributor or manufacturer heeds the warning and corrects the violation within the time allowed by the director, no further action will be taken.

(b) Any lot of commercial feed not in compliance with requirements of law and regulations is subject to seizure on complaint of the director to a court of competent jurisdiction in the area in which the commercial feed is located. If the court finds the commercial feed in violation and orders the condemnation of the feed, it shall be disposed of in any manner consistent with the quality of the commercial feed and the laws of the state. In no instance shall the disposition of the commercial feed be ordered by the court without first giving the claimant an opportunity to apply to the court for release of the

feed or for permission to process or relabel the feed to bring it into compliance with the law.

11-13-108. Prohibited acts; penalty; additional sanctions.

(a) It is unlawful for any person to:

(i) Sell or distribute in this state any commercial feed without having attached or furnished such stamps, labels or tags as required by law;

(ii) Impede, prevent or attempt to prevent the director or his agent in the performance of his lawful duties;

(iii) Sell, offer for sale or distribute in this state any commercial feed without complying with the requirements of law;

(iv) Sell or distribute in this state any commercial feed which contains a smaller percentage of crude protein or crude fat or a larger percentage of crude fiber than is certified to be contained therein;

(v) Fail to properly state the specific name of each ingredient used in its manufacture except for those feeds which utilize collective terms in the labeling; or

(vi) Sell or distribute in this state any commercial feed which has not been registered with the department as required by this act.

(b) Any person who violates any of the provisions of this section shall be fined not more than one hundred dollars (\$100.00) for the first violation and not less than one hundred dollars (\$100.00) for each subsequent violation.

(c) In addition to the penalty provided in subsection (b) of this section, the distribution of any commercial feed mixed or adulterated with any substance injurious to livestock or pets is subject to seizure, condemnation and sale as the court may direct, the proceeds from such sale to be deposited in the state general fund. The court may in its discretion release the feed seized when the requirements of law have been complied with, and upon payment of all costs and expenses incurred by the state in any proceedings connected with the seizure.

11-13-109. Promulgation of rules and regulations.

The director is authorized to promulgate such rules and regulations for commercial feeds as may be necessary for the efficient enforcement of this act. Procedures for promulgation shall be those outlined in the Wyoming Administrative Procedure Act.

11-13-110. Cooperation with other entities.

The director may cooperate with and enter into agreements with governmental agencies of this state, other states and agencies of the federal government in order to carry out the purpose and provisions of this act.

11-14-106. Repealed by Laws 1993, ch. 147, § 2.

11-14-107. Sampling of fertilizer, soil amendment or soil conditioner.

(a) The director or his designee shall sample, inspect, make analyses of and test commercial fertilizers, soil conditioners and soil amendments distributed within this state at any time and place and to the extent he deems necessary to determine whether they are in compliance with this act. The director or his designee may enter upon any premises or carriers during regular business hours to have access to commercial fertilizers, soil amendments or soil conditioners subject to the provisions of this act and to the records relating to their distribution.

(b) The methods of sampling analysis shall be those adopted by the Association of Official Analytical Chemists (AOAC). In cases not covered by such methods, or in cases where methods are available in which improved applicability has been demonstrated, the department may adopt such appropriate methods from other sources.

(d) Official samples establishing a penalty for nutrient deficiency shall be retained for a minimum of ninety (90) days from issuance of a deficiency report. A deficiency in an

official sample of mixed fertilizer resulting from nonuniformity is not distinguishable from a deficiency due to actual plant nutrient shortage and is properly subject to official action.

(e) For purposes of this act, the results of official analysis shall be final, unless it is determined by the director that a resample is warranted. Should a distributor or registrant request a resample of a fertilizer based upon the director's findings of a deficiency, all costs associated with the resampling and analysis shall be borne by the distributor or registrant. If results of the resampling establish the results of first analysis were invalid, the department shall bear the costs associated with the resampling.

11-14-108. Reimbursement of purchaser of deficient fertilizer.

When a fertilizer is deficient in any element beyond recognized investigational allowances, the distributor or registrant must reimburse the purchaser of the fertilizer an amount equal to double the current market value of the fertilizer as determined by the state chemical and bacteriological laboratory.

11-14-109. Misbranded or adulterated fertilizer, soil conditioner or soil amendment; distribution of unregistered fertilizer.

(a) No person shall distribute misbranded fertilizer, soil conditioners or soil amendments. A commercial fertilizer, soil conditioner or soil amendment is misbranded if:

(i) Its labeling is false or misleading in any particular way, including being labeled organic fertilizer, when its use is not allowed pursuant to the United States department of agriculture "National List of Allowed and Prohibited Substances" rule;

(ii) It is distributed under the name of another fertilizer, soil conditioner or soil amendment;

(iii) It is not labeled as required in W.S. 11-14-105 and in accordance with regulations prescribed under this act.

(b) No person shall distribute an adulterated fertilizer, soil conditioner or soil amendment. A commercial fertilizer, soil conditioner or soil amendment is adulterated if:

(i) It contains any deleterious or harmful ingredient in sufficient amount to render it injurious to beneficial plant life when applied in accordance with directions for use on the label, or if adequate warning statements or directions for use which may be necessary to protect plant life are not shown upon the label;

(ii) Its composition falls below or differs from that which it is purported to possess by its labeling;

(iii) It contains unwanted crop seed or weed seed; or

(iv) A commercial fertilizer that contains guaranteed amounts of phosphates or micronutrients, contains metals in amounts greater than the levels of metals established by the following table:

Metal	ppm per 1% P2O5	ppm per 1% micronutrients
Arsenic	13	112
Cadmium	10	83
Cobalt	3,100	23,000*
Lead	61	463
Mercury	1	
Molybdenum	42	300*
Nickel	250	1,900
Selenium	26	180
Zinc	420	2,900*

(* only applies
when not
guaranteed)

The table shall be used according to the following three (3) situations:

(A) For fertilizers with a phosphate guarantee, but no micronutrient guarantee, multiply the percent guaranteed P2O5 in the product by the values in the table to obtain the maximum allowable concentration of each metal. The minimum value for P2O5 utilized as a multiplier shall be six (6.0);

(B) For fertilizers with one (1) or more micronutrient guarantee, but no phosphate guarantee, multiply the sum of the guaranteed percentages of all micronutrients in the product by the value in the appropriate column in the table to obtain the maximum allowable concentration (in parts per million, or ppm) of each metal. The minimum value for micronutrients utilized as a multiplier shall be one (1);

(C) For fertilizers with both a phosphate and a micronutrient guarantee, multiply the guaranteed percent P2O5 by the value in the appropriate column. The minimum value for P2O5 utilized as a multiplier shall be one (1). Then, multiply the sum of the guaranteed percentages of the micronutrients by the value in the appropriate column. The minimum value for micronutrients utilized as a multiplier shall be one (1). Then, utilize the higher of the two (2) resulting values as the maximum allowable concentration (ppm) of each metal.

(c) No person shall distribute unregistered fertilizers, soil conditioners or soil amendments.

(d) No person shall distribute fertilizers, soil conditioners or soil amendments that are short weight. All provisions for enforcement of items found to be short weight shall be administered by the department under W.S. 40-10-117 through 40-10-136 of the weights and measures law.

(e) Any penalties resulting from violations of these heavy metal standards shall accrue to the registrant of the material that violates the heavy metal standard.

11-14-110. Repealed by Laws 1995, ch. 46, § 3.

11-14-111. Rules and regulations.

The director may prescribe and enforce rules and regulations relating to investigational allowances, definitions, records and the distribution of commercial fertilizers, soil conditioners and soil amendments as necessary to carry out the provisions of this act.

11-14-112. Refusal, suspension or cancellation of registration; hold orders; release.

(a) A registration may be refused, suspended or cancelled for any formula of fertilizer, soil conditioner or soil amendment as herein provided, upon evidence that the product is misbranded or adulterated. A hold order may be issued to the owner or custodian of any lot of fertilizer, soil conditioner or soil amendment to stop sale, use or removal and to hold at a designated place when the director finds the product is being offered for sale in violation of this act, until the law has been complied with and the product is released in writing by the director or the violation has been otherwise legally disposed of by a court of competent jurisdiction.

(b) No person shall make any false or misleading representation with regard to any fertilizer, soil conditioner or soil amendment sold, offered or exposed for sale by the person in this state, either as principal or agent. No person shall use any false, misleading or deceptive brand or grade in connection therewith. The penalties provided by subsection (a) of this section shall apply to any violation of this subsection.

11-14-113. Seizure and disposition of fertilizer found to be in violation; right to application for release.

Any lot of commercial fertilizer, soil conditioner or soil amendment not in compliance with this act is subject to seizure on complaint of the department to a court of competent jurisdiction in the area in which the commercial fertilizer, soil conditioner or soil amendment is located. If the court finds the commercial fertilizer, soil conditioner or soil amendment to be in violation of this act and orders the condemnation of the commercial fertilizer, soil conditioner or soil amendment, it shall be disposed of in any manner consistent with the quality of the commercial fertilizer and the laws of the state, but in no instance shall the disposition of the commercial fertilizer, soil conditioner or soil amendment be ordered by the court without first giving the claimant an opportunity to apply to the court for release of the commercial fertilizer to bring it into compliance with this act.

11-14-114. Notice of violation; hearing; penalty; duty of district attorney; injunctions.

(a) If examination of any commercial fertilizer, soil conditioner or soil amendment indicates that this act or the

rules and regulations issued thereunder have been violated, the director shall give notice of the violations and an opportunity for a hearing to the registrant or distributor. If it appears after the hearing that this act or rules and regulations issued thereunder have been violated, the director may certify the facts to the proper district attorney.

(b) Any person convicted of violating this act or the rules and regulations issued thereunder is guilty of a misdemeanor and shall be fined not less than fifty dollars (\$50.00) nor more than one thousand dollars (\$1,000.00) for each offense, or the director may apply to the district court for the purpose of preventing further violation.

(c) The director is not required to report for prosecution or for the institution of seizure proceedings minor violations when he believes that the public interests will be best served by a suitable notice of warning in writing.

(d) Each district attorney to whom any violation is reported shall cause appropriate proceedings to be instituted and prosecuted in a court of competent jurisdiction without delay. Violations of this act may be enjoined by proceedings brought by the district attorney of the proper county, or by the attorney general, regardless of whether criminal proceedings have been instituted, provided the director has entered a finding pursuant to this act.

(e) The director may apply for and the court may grant a temporary or permanent injunction, without bond, restraining any person from violating or continuing to violate this act or any rule or regulation promulgated under the act notwithstanding the existence of other remedies at law.

11-14-115. Action for damages to crops; evidence.

(a) Nothing in this act shall preclude the right of a purchaser to bring an action for any damages to crops, land or livestock by reason of misbranded, adulterated or deficient fertilizer, soil conditioner or soil amendment.

(b) The department shall, upon demand, make all results of samplings, inspections and laboratory analyses available to any purchaser of fertilizer, soil conditioner or soil amendment.

(c) In a civil action for damages against any distributor or manufacturer of any misbranded or deficient fertilizer, soil

conditioner or soil amendment, all results of the department samplings, inspections or laboratory analyses shall be competent evidence before any court where such civil action is pending.

(d) The results of a criminal action for violation of this act is competent evidence in any civil action for misbranding or deficiency of any fertilizer, soil conditioner or soil amendment.

11-14-116. Sales between importers, manufacturers or manipulators excepted from provisions.

Nothing in this act shall restrict or avoid sales or exchanges of commercial fertilizers, soil conditioners or soil amendments to each other by importers, manufacturers or manipulators who mix fertilizer materials for sale, or prevent the free and unrestricted shipment of commercial fertilizers, soil conditioners or soil amendments to manufacturers or manipulators who have registered their brands as required by this act.

11-14-117. Cooperation with other entities.

The department may cooperate with and enter into agreement with governmental agencies of this state, other states, agencies of the federal government and any nongovernmental entity in order to carry out the purpose and provisions of this act.

11-14-118. Registration of ammonium nitrate.

2009 Wyoming Session Laws, Chapter 92, provides this section is effective on and after July 1, 2009 only upon certification of the governor to the secretary of state that the United States department of homeland security has published final federal rules under H.R. 2764, Subtitle J, Secure Handling of Ammonium Nitrate or its successor. As of the date of the publication of the 2009 Wyoming statutes no such certification had been made.

(a) Any person who possesses ammonium nitrate or regulated ammonium nitrate materials shall be registered with the department. The registration application shall be on a form approved by the director in consultation with and upon the recommendation of the director of the office of homeland security. The director shall charge an annual registration fee not to exceed fifty dollars (\$50.00). Nothing in this section shall require the registration of any person who produces, sells or purchases ammonium nitrate exclusively for use in the

production of an explosive under a license or permit issued under chapter 40 of title 18, U.S.C.

(b) Ammonium nitrate and regulated ammonium nitrate materials shall be secured to provide reasonable protection against vandalism, theft or other unauthorized use. Reasonable protection may include, but not be limited to, ensuring that storage facilities are fenced and locked when unattended, and inspected daily for signs of attempted entry or vandalism to any storage facility. The director in consultation with or upon the recommendation of the director of the office of homeland security, may recommend other security measures. The director shall work in consultation with or upon the recommendation of the director of the office of homeland security to provide information to ammonium nitrate users on appropriate security measures.

(c) A distributor shall record the date of sale and quantity sold, the valid state or federal driver's license number, the current physical address and telephone number for the purchaser of ammonium nitrate or regulated ammonium nitrate materials. If the purchaser obtains physical possession of ammonium nitrate or regulated ammonium nitrate material, the distributor shall obtain the registrant's registration number as a condition of completing the sale. A registrant, if not a distributor, shall record the date of application. All sale and application records shall be retained by each registrant for a period of not less than two (2) years.

(d) Registrants shall comply with all federal and state requirements regarding the dissemination of any information, providing the director and the director of the office of homeland security access to the records.

(e) For the purposes of this section:

(i) "Ammonium nitrate" means chiefly the ammonium salt of nitric acid. Ammonium nitrate shall not contain less than thirty-three percent (33%) nitrogen, one-half (1/2) of which is the ammonium form and one-half (1/2) of which is the nitrate form;

(ii) "Regulated ammonium nitrate materials" means regulated ammonium nitrate material fertilizer products which have been determined by the director in consultation with and upon the recommendation of the director of the office of homeland security to warrant regulation based on the potential

explosive capacity of the fertilizer material determined by the ammonium nitrate content.

CHAPTER 15

This act shall be enforced by qualified inspectors appointed by the director and licensed by the United States department of agriculture. They shall keep their licenses current and in good standing at all times when employed by the director. They shall serve at the pleasure of the director.

11-15-105. Conformity to applicable standards required; inspection; certificate, use thereof as evidence.

(a) No person shall pack, offer, consign or sell in carload lots any potatoes loaded within the state which do not

conform to applicable standards, subject to such variations therefrom as provided by regulations adopted in accordance with this act, unless such potatoes are specifically described, or plainly marked, in accordance with regulations to indicate they are ungraded or unclassified.

(b) Whenever grades, standards or classification have been established for potatoes, it is unlawful for any shipper to ship carload lots of potatoes without being inspected by an authorized inspector. The inspector shall issue a certificate of inspection showing grade, standard or other classification. The certificate shall be issued in duplicate, one (1) copy shall be attached to bill of lading and one (1) copy shall be issued to the shipper.

(c) A certificate of the grade or other classification of potatoes, when not reversed or modified, shall be accepted in any court of this state as prima facie evidence of the true grade or classification of the potatoes at the time of grading or classification.

11-15-106. Reports of inspections required.

The director shall make reports to the United States department of agriculture on July 1 each year.

11-15-107. Director to promulgate regulations; board approval required.

Subject to approval of the board of agriculture, the director may promulgate regulations necessary to carry out the provisions of this act. The regulations shall conform as nearly as practicable to any act of congress or standards legally adopted by any federal agency relating to the marketing of farm products.

11-15-108. Director engaging in potato business prohibited.

The director is prohibited from engaging in the business of buying, selling or commission dealing in potatoes.

11-15-109. Inspection upon request of interested party; issuance of certificate; fees.

The director, upon request of any interested party, may furnish a licensed inspector to inspect any lot of potatoes within the

state whether the potatoes originated in Wyoming or elsewhere, and may issue a federal or state certificate showing grade, quality and condition of such potatoes which will be receivable as prima facie evidence in any court in Wyoming. This provision includes storage, inspection and less than carload lots. For this inspection the department shall be paid by the party asking for inspection the fees established by the board of agriculture, not to exceed actual costs of inspection and all traveling expenses to and from the place of inspection.

11-15-110. Reinspection on request; cost.

Any interested party may demand a reinspection at point of origin if the grade established by the licensed inspector is not satisfactory. The reinspection may be made by an inspector authorized by the director or by an inspector of the United States department of agriculture. The reinspection shall be made at the expense of the party requesting the service.

11-15-111. Inspection fees; exception; when inspection not required; consent of director; certification of certain shipments.

A fee established by the board of agriculture not to exceed actual costs of inspection shall be paid on all shipments of potatoes inspected within the district except those designated for manufacturing purposes on which no fee shall be charged. With the consent of the director, potatoes for seed stock may be moved to storage within the state without inspection. When potatoes are shipped without inspection within the state the shipper shall not be provided with a certificate. Other shipments of seed stock must conform to the requirements of grade no. 1 except with regard to size, and the certificate must contain a statement designating variety, trueness to type and percent defects with regard to disease and other blemishes.

11-15-112. Prohibited acts; penalties.

Whoever removes any inspection certificate before a car is entirely unloaded, or whoever except an authorized inspector alters any inspection certificate, or whoever without using reasonable diligence to secure inspection fails or neglects to have potatoes inspected before shipping, or whoever hinders, molests or attempts to influence any inspector in the performance of his duties, or whoever violates this act is guilty of a misdemeanor and shall be fined for each violation not exceeding five hundred dollars (\$500.00) and the costs of

the prosecution, or shall be imprisoned not exceeding six (6) months, or both. Any inspector who fails or neglects to perform the duties imposed by this act shall suffer the penalty herein provided.

11-16-103. Legislative declarations and policy.

(a) It is hereby declared that the farm and grazing lands of Wyoming are among the basic assets of the state; that improper land use practices cause and contribute to serious erosion of these lands by wind and water; that among the consequences which would result from such conditions are the deterioration of soil and its fertility and the silting and sedimentation of stream channels, reservoirs, dams and ditches; that to conserve soil, and soil and water resources, and prevent and control soil erosion, it is necessary that land use practices contributing to soil erosion be discouraged and that appropriate soil conserving land use practices be adopted.

(b) It is hereby declared to be the policy of the legislature to provide for the conservation of the soil, and soil and water resources of this state, and for the control and prevention of soil erosion and for flood prevention or the

conservation, development, utilization, and disposal of water, and thereby to stabilize ranching and farming operations, to preserve natural resources, protect the tax base, control floods, prevent impairment of dams and reservoirs, preserve wildlife, protect public lands, and protect and promote the health, safety and general welfare of the people of this state.

11-16-104. Repealed by Laws 1987, ch. 15, § 1.

11-16-105. State board of agriculture; duties generally.

(a) The commission shall:

(i) Keep a record of its official actions, adopt a seal, which shall be judicially noticed, and perform acts, hold public hearings and promulgate rules and regulations as necessary for the execution of its functions under this act;

(ii) Assist and guide districts in the preparation and carrying out of programs for resource conservation authorized under this act, review district programs, coordinate the programs of the several districts and resolve any conflicts, and facilitate, promote, assist, harmonize, coordinate and guide the resource conservation programs and activities of districts as they relate to other special purpose districts, counties and other public agencies;

(iv) Coordinate the programs of the several conservation districts so far as this may be done by advice and consultation;

(v) Recommend the appropriation of state funds necessary to finance the activities of the commission and the conservation districts; distribute to conservation districts funds, equipment, supplies and services received by the commission for that purpose from any source, subject to conditions made applicable thereto by any state or federal statute or local ordinance making available the funds, property or services; issue regulations establishing guidelines and suitable controls to govern the use by conservation districts of such funds, property and services; and review all budgets, administrative procedures and operations of the districts and

advise the districts concerning their conformance with applicable laws and regulations;

(vi) Disseminate information throughout the state concerning the activities and programs of the conservation districts and encourage the formation of such districts in areas where their organization is desirable; enlist the cooperation and collaboration of state, federal, regional, interstate and local public and private agencies with the conservation districts; facilitate arrangements under which the conservation districts may serve county governing bodies and other agencies as their local operating agencies in the administration of any activity concerned with the conservation of renewable natural resources; and except as otherwise assigned by law, carry out the policies of this state in programs at the state level for the conservation of the renewable natural resources of this state and represent the state in matters affecting such resources.

(b) Whenever the commission determines that there exists a substantial conflict between the resources conservation program of a district and the proposed plans or activities directly affecting resource conservation prepared by any other local governmental unit or agency of this state, and the conflict cannot be resolved through consultation procedures, the commission shall submit a report to the governor.

11-16-106. Department of agriculture; when contracts invalid.

No contract of the state commission for the payment of money is valid unless the commission has available at the time the contract is made funds sufficient for the payment thereof.

11-16-107. Report to director; reports by district supervisors to board.

(a) On or before November 1 each even-numbered year, the commission shall report to the director of the department of agriculture the number and acreages of districts in existence or in process of organization, together with an estimate of the number and probable acreages of the districts which may be organized during the ensuing period; the balance of funds, if any, available to the commission and to the districts; and the estimates of the commission as to the sums needed for its administrative and other expenses and for allocation among the several districts during the ensuing period.

(b) The supervisors of the respective districts shall submit to the commission such statements, estimates, budgets and other information as the commission may require. The director shall include the information furnished by the commission in his report to the governor.

11-16-108. Petition to form district; contents; consolidation and exclusion.

(a) Any ten (10) owners of land lying within the limits of the proposed district may file a petition with the commission asking that a conservation district be organized to function in the territory described in the petition. The petition shall meet all of the requirements of W.S. 22-29-105(f). The commission shall act upon the petition for formation in the same manner as set forth in W.S. 22-29-109 for county commissioners in determining if a petition for district formation shall be voted upon. When more than one (1) petition is filed covering parts of the same territory, the commission may consolidate all or any such petitions, or may exclude from any petition areas in conflict with another petition or petitions.

(i) Repealed by Laws 1998, ch. 115, § 5.

(ii) Repealed by Laws 1998, ch. 115, § 5.

(iii) Repealed by Laws 1998, ch. 115, § 5.

(iv) Repealed by Laws 1998, ch. 115, § 5.

(v) Repealed by Laws 1998, ch. 115, § 5.

11-16-109. Notice and hearing on petition; approval or denial; criteria.

After the hearing, if the commission determines, upon the facts presented at the hearing and other relevant facts that are available, that there is need in the interest of the public health, safety and welfare for a conservation district to function in the territory considered at the hearing, it shall record such determination and define by metes and bounds or by legal subdivisions the boundaries of the district. In making the determination and defining the boundaries, the commission shall give weight and consideration to the topography of the area considered and of the state, the composition of soils therein, the distribution of erosion, the carrying capacity and condition

of grazing lands, the numbers of livestock grazed, the prevailing land use and management practices, the desirability and necessity of including within the district the particular lands under consideration and the benefits such land may receive from being included within the district, the relation of the proposed district to existing watersheds and agricultural regions and to other conservation districts already organized or proposed for organization, and such other physical, geographical and economic factors as are relevant, having due regard to the legislative policy set forth in W.S. 11-16-103. The territory included within the district need not be contiguous. If the commission determines there is no need for a conservation district to function in the territory considered at the hearing, it shall record such determination and deny the petition. Any owner of lands within a proposed district which is less than a countywide district may have his owned and leased lands excluded from the proposed district upon presentation of a petition and description of the lands to the commission not less than seven (7) days prior to the holding of the referendum for the organization of the district.

11-16-110. Canvass of ballots.

(a) Repealed by Laws 1998, ch. 115, § 5.

(b) Repealed by Laws 1987, ch. 21, § 3.

(c) Repealed by Laws 1998, ch. 115, § 5.

(d) Repealed by Laws 1987, ch. 21, § 3.

(e) Immediately after the polls close, the referendum officers shall canvass the ballots. The results disclosed by the canvass shall be certified by the commission.

(f) If a majority of the qualified electors voting in the referendum favor the formation of the district, the proposal to organize the proposed district shall carry and the commission shall proceed to make the determination required in W.S. 11-16-112. If the majority of the qualified electors voting in the referendum are against the organization of the district, the proposal to form the district shall fail and the commission shall deny the petition. The commission shall promptly make public the result of the referendum.

11-16-111. Board of agriculture to provide for issuance of notices, conduct of hearings and referenda.

The commission shall provide for the issuance of notices and the conduct of hearings and referenda by appropriate regulations. It shall provide for registration prior to the date of the referendum of all eligible voters, or prescribe some other appropriate procedure for the determination of those eligible as voters in the referendum.

11-16-112. Result of referendum; announcement; practicability of district; determination; criteria.

After making public the result of the referendum, the commission shall consider and determine whether the operation of the district within the defined boundaries is administratively practicable. If the commission determines the operation of the district is not administratively practicable, it shall record the determination and deny the petition. If the commission determines that the operation of the district is administratively practicable, it shall record the determination and proceed with the organization of the district. In making the determination the commission shall give regard to the attitudes of the voters lying within the defined boundaries, the number of voters eligible to vote in the referendum who voted, the proportion of votes cast in favor of the creation of the district to the total number of votes cast, the approximate wealth and income of the owners of land of the proposed district, the probable expense of carrying on erosion-control operations within the district, and other economic and social factors as are relevant.

11-16-113. Establishment of district.

(a) If the commission determines the operation of the proposed district is administratively practicable, it shall appoint two (2) supervisors who are owners of land in the district to act with three (3) supervisors elected as provided hereinafter as the governing body of the district. The district shall be a governmental subdivision of this state and a public body corporate and politic. The two (2) appointed supervisors shall present to the secretary of state an application signed by them setting forth by recital only and not in detail:

(i) That a petition for the creation of the district was filed with the commission pursuant to the provisions of this act, and the proceedings specified in the act were taken pursuant to the petition;

(ii) That the application is filed to complete the organization of the district as a governmental subdivision and a public body, corporate and politic, under this act;

(iii) That the commission has appointed them as supervisors;

(iv) The name and official residence of each supervisor and a certified copy of the appointment evidencing his right to office;

(v) The term of office of each supervisor;

(vi) The name of the district; and

(vii) The location of the principal office of the supervisors of the district.

(b) The application shall be subscribed and sworn to by each supervisor before an officer authorized to administer oaths, who shall certify upon the application that he personally knows the supervisors and knows them to be the officers affirmed in the application, and that each has subscribed thereto in the officer's presence. The application shall be accompanied by a certified statement by the commission, setting forth the boundaries of the district but otherwise containing no detail other than the mere recitals that:

(i) A petition was filed, notice issued and hearing held as required by law;

(ii) The commission determined that there is need, in the interest of the public health, safety and welfare, for a conservation district to function in the proposed territory and did define the boundaries;

(iii) Notice was given and a referendum held on the question of the creation of such district;

(iv) The result of the referendum showed a majority of the votes cast in favor of the creation of the district; and

(v) The commission did determine the operation of the proposed district is administratively practicable.

(c) The secretary of state shall examine the application and statement and if he finds the name proposed for the district

is not so similar to that of another conservation district as to cause confusion or uncertainty, he shall record them in an appropriate book in his office. If the secretary of state finds the name proposed for the district is so similar to that of any other conservation district of this state as to lead to confusion, he shall certify that fact to the commission, which shall submit a new name for the district which is not subject to such defects. Upon receipt of the new name the secretary of state shall record the application and statement, with the name so modified, in an appropriate book. When the application and statement have been made, filed and recorded, the district is a governmental subdivision of this state and a public body corporate and politic. The secretary of state shall issue to the supervisors a certificate, under the seal of the state, of the organization of the district, and shall record the certificate with the application and statement. The boundaries of the district shall include the territory determined by the commission, but shall not include any area included within the boundaries of another conservation district organized under this act.

11-16-114. Repealed by Laws 1998, ch. 115, § 5.

11-16-115. Districts; transfer of land; division or consolidation; change in name.

(a) Upon written request of the board of supervisors of the conservation district or districts involved, with a showing that the request is approved by a majority vote of the members of each board involved the commission may, by administrative order:

(i) Transfer lands from one district to another;

(ii) Divide a single district into two (2) or more districts, each of which shall thereafter operate as a separate district; or

(iii) Consolidate two (2) or more districts to operate thereafter as a single district.

(b) The secretary of state shall make and issue a corrected certificate of organization upon receipt of such certification from the commission.

(c) Petitions for a change in the name of a conservation district may be submitted to the commission by the board of

supervisors of a conservation district. If the commission approves the change of name, it shall certify the change to the secretary of state and shall notify the board of supervisors of the conservation district of the change, setting out in the notice the new name of the district. The secretary of state shall make and issue a corrected certificate of organization upon receipt of such certification from the commission.

11-16-116. Districts; proof of organization.

In any suit, action or proceeding relating to any action of the district, the district is deemed to have been established in accordance with this act upon proof of the issuance of the certificate by the secretary of state. A copy of the certificate certified by the secretary of state is admissible in evidence in any suit, action or proceeding and is proof of the filing and contents thereof.

11-16-117. Districts; termination; dissolution procedures; determination by board of agriculture; legal effects of dissolution.

(a) After five (5) years after the organization of a district under this act, any ten (10) owners of land lying within the district may petition the commission that the operations of the district be discontinued and the existence of the district terminated. The commission may conduct public meetings and hearings upon the petition as necessary in the consideration thereof. Within sixty (60) days after a petition has been filed with the commission, it shall give notice of a referendum as provided in the Special District Elections Act of 1994. The commission shall supervise the referendum and issue appropriate regulations governing the conduct thereof. The question shall be submitted by ballots upon which the words "For terminating the existence of the (name of the conservation district to be here inserted)" and "Against terminating the existence of the (name of the conservation district to be here inserted)" shall appear, with a square before each proposition and a direction to insert an X mark in the square before one (1) or the other as the voter may favor or oppose dissolution of the district. Qualified electors of the district are eligible to vote in the referendum. No informalities in the conduct of the referendum or related matters shall invalidate the referendum or result if notice is given substantially as herein provided and the referendum is fairly conducted.

(b) The commission shall publish the result of the referendum. If a majority of the votes cast in the referendum oppose dissolution of the district, the commission shall determine whether the continued operation of the district within the defined boundaries is administratively practicable. If the commission determines the continued operation of the district is administratively practicable, it shall record its determination and deny the petition. If a majority of the votes cast favor dissolution of the district it shall certify that fact to the supervisors of the district. In making the determination of administrative practicality to continue the district the commission shall consider those factors set forth in W.S. 11-16-112 for creation of the district.

(c) Upon receipt from the commission of a certification that the majority of votes cast in the referendum favor dissolution of the district, the supervisors shall forthwith terminate the affairs of the district. The supervisors shall dispose of all property belonging to the district at public auction and pay the net proceeds of the sales to the state treasurer. The supervisors shall thereupon file a verified application with the secretary of state for dissolution of the district, and shall transmit with the application the certificate of the commission that the majority of votes cast at the referendum favored dissolution of the district. The application shall recite that the property of the district has been disposed of and the proceeds paid over as provided by law, setting forth a full accounting of the properties and proceeds of sale. The secretary of state shall issue to the supervisors a certificate of dissolution and shall record the certificate in an appropriate book in his office. The secretary of state shall make no charge for any service required of him by this act.

(d) Upon issuance of a certificate of dissolution all ordinances and regulations adopted and in force within the district are void. All contracts to which the district or supervisors are parties remain in force and effect for the period provided in such contracts. The commission shall be substituted for the district or supervisors as party to the contracts. The commission is entitled to all benefits and subject to all liabilities under such contracts and has the same right and liability to perform, require performance, sue and be sued thereon, and to modify or terminate the contracts as the supervisors of the district would have had. Dissolution does not affect the lien of any judgment entered or the pendency of any action instituted under W.S. 11-16-126 [repealed], and the

commission succeeds to all rights and obligations of the district or supervisors as to such liens and actions.

11-16-118. District supervisors; term; vacancies; expenses; removal; quorum; bond required of employees; areas included in district; cooperative agreement with city.

(a) The term of the two (2) supervisors appointed extends from their appointment until the second annual election held in the district. A supervisor shall hold office from his election or appointment and taking of the oath of office until his successor has been elected or appointed, and qualified. Vacancies shall be filled for the unexpired term. Vacancies in the office of any supervisor shall be filled by appointment by the commission upon the recommendations of the district supervisors, the appointee to serve until the next election at which time the vacancy shall be filled by the electors for the unexpired term. A supervisor shall receive no compensation for his services, but is entitled to expenses, including traveling expenses, necessarily incurred in the discharge of his duties. Any supervisor may be removed by the commission upon notice and hearing, for neglect of duty or malfeasance in office.

(b) A majority of the supervisors constitutes a quorum and the concurrence of three (3) supervisors is required for determination of any matter.

(c) The supervisors shall require a bond to be issued for all employees and officers entrusted with funds or property. The supervisors shall provide for keeping a full and accurate record of all proceedings, resolutions, regulations and orders issued or adopted. The accounts, receipts and disbursements of the district shall be subject to the audit and reporting requirements set forth in W.S. 9-1-507(a)(iii).

(d) All cities, towns, villages or other urban and suburban areas lying wholly or partly within the exterior boundaries of a conservation district shall, from the effective date of this act, be included in the district. In doubtful cases, the commission shall determine the district which includes any urban or suburban area.

(e) By cooperative agreement with the city concerned, a district may perform within the boundaries of the city any work required or authorized under this act, through such administrative and financial arrangements as the city and the district agree upon.

11-16-119. District supervisors; nomination; qualifications; election; term.

Within thirty (30) days after issuance by the secretary of state of a certificate of organization of a conservation district, applications for election under the Special District Elections Act of 1994 may be filed with the commission by candidates for supervisors, who shall be owners of land within the district. The commission may extend for not to exceed thirty (30) days the time within which applications may be filed. The commission shall give notice of an election to be held for the election of three (3) supervisors for the district. All qualified electors within the district are eligible to vote. The three (3) supervisors first elected shall draw lots, one (1) for a term of two (2) years, and two (2) for a term of three (3) years. Thereafter supervisors shall be elected each year to serve for a full term of three (3) years. The number of supervisors elected each year shall be determined by the number of supervisors whose terms expire at that time. The commission shall provide for all elections, supervise the conduct thereof, and prescribe regulations governing the conduct of all elections, and shall make public the result thereof.

11-16-120. District supervisors; elections under Election Code and for new districts.

(a) District supervisors shall be elected in subsequent elections under the Special District Elections Act of 1994 and as hereinafter provided for new districts:

(i) At the first subsequent director election following establishment of a new district, five (5) supervisors, who reside within the district shall be elected at large by a nonpartisan ballot. Three (3) supervisors shall be rural residents, one (1) shall be a resident of an urban area and one (1) shall be elected at large. At the first subsequent director election, the at large candidate receiving the largest number of votes shall be elected for a four (4) year term, the urban candidate receiving the largest number of votes shall be elected for a four (4) year term, the rural candidate receiving the largest number of votes shall serve a four (4) year term and the two (2) candidates receiving the next highest number of votes shall be elected for two (2) year terms. In succeeding elections all supervisors shall be elected for four (4) year terms.

(ii) Repealed by Laws 1998, ch. 115, § 5.

11-16-121. District supervisor; cooperation and agreements between districts; agreements with districts in adjoining states.

(b) Any two (2) or more districts may engage in joint activities by agreement for planning, financing, constructing, operating, maintaining and administering any program or project concerned with the conservation of renewable natural resources. The districts concerned may make available for purposes of the agreement any funds, property, personnel, equipment or services available to them under this act.

(c) Any district may enter into such agreements with districts in an adjoining state if the law in the other state permits such agreements.

(d) The commission may propose, guide and facilitate the establishment and carrying out of such agreements.

11-16-122. Powers and duties of districts and supervisors thereof generally.

(a) Each conservation district organized under this act shall make an annual estimate of the funds required by the district for conservation programs and present a certified copy of the estimate, along with a budget showing all anticipated income and expenses, to the county commissioners. District supervisors shall administer the finances of the district according to the provisions of the Uniform Municipal Fiscal Procedures Act, except that an annual audit in accordance with W.S. 16-4-121 is not required. Each district shall comply with the provisions of W.S. 9-1-507(a)(iii).

(b) A conservation district organized under this act and the supervisors thereof, in addition to other powers granted by this act, may:

(a) The state veterinarian shall investigate all cases of dangerously contagious or infectious diseases among domestic animals in this state which are brought to his notice. In the absence of specific information, he shall make inspections of any locality where he has reason to suspect there is any contagious or infectious disease. He shall order that all animals affected with, exposed to or suspected of being affected with such diseases be gathered and quarantined. No animals pronounced affected with a dangerously contagious or infectious disease by the state veterinarian or his deputy or agent shall be turned loose, removed or permitted to escape, but shall be held subject to the order of the state veterinarian. All animals ordered gathered shall be gathered within a reasonable time specified by the state veterinarian.

(b) The state veterinarian may inspect, treat, test, vaccinate, quarantine or sell any animal imported into Wyoming in violation of W.S. 11-19-111 or any rules promulgated thereunder.

(a) Any person or government entity who knows or suspects that there is any contagious or infectious reportable disease among animals owned by or under their jurisdiction or any veterinarian who knows or suspects any reportable contagious or infectious disease on any premises or in any animal, shall immediately report the same to the state veterinarian. The state veterinarian shall establish and manage a list of reportable diseases for any contagious or infectious disease deemed by the state veterinarian to be a threat to domestic animals. During development of this list the state veterinarian shall consult with the Wyoming game and fish department's supervisor of veterinary research services. Information collected in response to the list of reportable diseases shall be considered confidential proprietary information. Access to any information collected under the list of reportable diseases shall be limited to the person who reported the disease and the state veterinarian, except that the state veterinarian may at his discretion notify any of the following:

- (i) The Wyoming livestock board;
- (ii) The state veterinary laboratory;

(c) A failure to report, or any attempt to conceal the existence of the disease or to willfully or maliciously obstruct

or resist the veterinarian in the discharge of his duty is a misdemeanor. Any person who willfully or maliciously falsifies a report to the state veterinarian is guilty of a misdemeanor. Any person convicted of any of the above acts or omissions shall be punished as provided in W.S. 11-1-103.

(d) Any person who knows that they own or have in their possession any livestock as defined by W.S. 11-20-101(a) (iv) infected with any disease formally declared by the Wyoming livestock board, through rule and regulation, as being potentially economically devastating and for which there is a valid diagnostic test and who transfers ownership or possession of the livestock to another person, or who knowingly or through his own neglect allows the livestock to commingle with uninfected livestock, is liable for the economic damages caused by the spread of the disease to uninfected livestock. In addition to the conditions for liability and recovery set in subsection (e) of this section, damages shall be available under this subsection only to a transferee who accepts the diseased animal directly from the liable person and to the owner of an animal that becomes infected as the result of direct contact with the diseased animal. The burden of proving liability and damages under this section shall be upon the person claiming damages. Any person who files a claim for recovery under this subsection alleging facts known to be false is liable for three (3) times the damages caused by the false claim and reasonable attorney fees.

(e) No person who has received written notice that an animal is infected with a disease identified in subsection (d) of this section prior to acquiring ownership or assuming possession of the infected animal shall be entitled to the damages provided by subsection (d) of this section. No livestock sales or auction facility shall be subject to the liability imposed by subsection (d) of this section if:

(i) The existence of disease was not reported to the facility and the facility did not know of the existence of the disease; or

11-19-103. Quarantine of diseased animals generally; treatment, testing and vaccination thereof; effect of failure to obey order of state veterinarian; appeal; stay of action.

(a) In all cases of infectious and contagious disease among domestic animals in this state, the state veterinarian may order the quarantine of the infected premises. If the disease becomes epizootic in any locality in this state, the state veterinarian shall immediately notify the governor who shall issue his proclamation forbidding transfer of any animal of the kind among which the epizootic disease exists from the locality without permission from the state veterinarian.

(b) Whenever the state veterinarian finds any infectious or contagious disease among domestic animals in any section of the state he shall take such steps as will prevent the spread of the disease. The state veterinarian may inspect and compel the treatment, testing, vaccination or quarantine of all such animals in Wyoming found to be infected or exposed to the disease or imported in violation of W.S. 11-19-111 or any rules promulgated thereunder, under such rules and regulations as he may adopt. Any order or regulation made by the state veterinarian is subject to review, modification or annulment by the board at any subsequent meeting.

(c) Repealed By Laws 2011, Ch. 96, § 2.

(d) Repealed By Laws 2011, Ch. 96, § 2.

(e) If the owner or persons in charge of animals ordered treated, tested, vaccinated or quarantined after reasonable notice determined by the veterinarian, fail to treat, test, vaccinate or quarantine such animals as ordered, the veterinarian may seize or cause such animals to be seized and treated, tested, vaccinated or quarantined and may hold and sell the animals, or part thereof as necessary to pay all costs of inspection, seizing, caring for, treating, testing, vaccinating or quarantine together with cost of sale. The sale shall be made at the time and place and in the manner prescribed by the veterinarian. Not less than three (3) days nor more than fifteen (15) days notice of the time, place and purpose of the sale shall be given by the veterinarian to the owner or persons in charge of the animals, by personal service within the county in which the animals are being held if possible, and if not possible then such notice may be given either by personal service outside of the county or by advertisement in any paper selected by the veterinarian. The state veterinarian shall only sell the animals after all other remedies have been exhausted.

(f) The owner of animals so seized and held may at any time prior to sale recover possession of the same by paying to the state veterinarian the amount of costs incurred by order of the veterinarian against the animals. Any sum realized from the sale of the animals over the cost actually incurred against the animals shall be returned to the owner of the animals if known or can by reasonable diligence be found. Otherwise the overage shall be placed in the estray fund and dispensed as provided by law.

(g) Any order or other action under this chapter may be appealed by the owner, or the agent of the owner, of the animals affected or by any aggrieved governmental entity to the board as follows:

(i) The appeal shall be requested within thirty (30) days of the order or action, except that a quarantine may be appealed at any time during the quarantine;

(ii) An informal hearing may initially be requested. A formal hearing may subsequently be requested and shall be conducted as a contested case in accordance with the Wyoming Administrative Procedure Act. The board shall render a final decision in writing within ten (10) working days of the conclusion of the hearing;

(iii) The board may alter, amend, annul or otherwise modify any order in the event the board finds:

(A) The aggrieved person was injured by the order or regulation; and

(B) The state veterinarian lacked legal authority for the order or regulation; or

(C) The order or regulation was not needed to:

(I) Protect the public health;

(II) Prevent the spread of animal disease;

(III) Preserve the ability to market Wyoming livestock efficiently; or

(IV) Implement a specific requirement of Wyoming law.

(iv) All decisions of the board are subject to judicial review under the Wyoming Administrative Procedure Act.

(h) In the event of a foreign animal disease outbreak, an act of animal agro-terrorism or other animal health emergency, the state veterinarian shall have all of the resources of the livestock board at his disposal. When such an event occurs, the state veterinarian shall immediately notify the governor and shall advise him as to any additional resources which may be needed to address the emergency.

(j) Any person failing to comply with this section shall be punished as provided in W.S. 11-1-103.

(k) The owner or producer of animals quarantined for brucellosis containment efforts may submit a claim at any time during the quarantine, or within thirty (30) days after release from quarantine, for reimbursement for actual expenses incurred in mitigating or attempting to mitigate the effects of the quarantine. The Wyoming livestock board, in consultation with the state veterinarian, shall promulgate rules for the processing of claims under this section.

11-19-104. Slaughter of diseased animals; authority of veterinarian; slaughtering order; when consent of owner required.

(a) In any case of epizootic disease where premises have been previously quarantined by the state veterinarian, he may order the slaughter of any diseased animals upon the premises and all animals that have been exposed to contagion or infection under the following restrictions:

(i) The order shall be in writing with a duplicate for each owner of the animals condemned;

(ii) The original of each order shall be filed by the veterinarian with the governor and a duplicate given to the owner; and

(iii) Before slaughtering any animal that has been exposed only and does not show disease, the veterinarian shall have the consent of the owner or person in charge of the animal to be slaughtered.

11-19-105. Repealed By Laws 2012, Ch. 90, § 2.

11-19-106. Removal of diseased animals; owner's claims.

(a) All claims against the state arising from the ordered disposal of animals by the state veterinarian for scrapie, brucellosis and tuberculosis, together with the order of the veterinarian, shall be submitted to the state auditor who shall examine them without unnecessary delay. For purposes of this section, "disposal" means to sell, send to slaughter or destroy the animal. For each claim he finds to be equitable and entitled to indemnity under this chapter the auditor shall issue his warrant on the state treasurer for the sum named in the claim. All claims for indemnity arising under the provisions of this chapter, before they are presented for payment to the auditor, shall be submitted to the state veterinarian who shall fully inform himself of the facts connected with each claim. The state veterinarian shall endorse on each claim his approval or rejection and shall express in such endorsement the reasons for his approval or rejection.

(b) If the state veterinarian rejects a claim it and the reasons for rejection shall be submitted to a board of arbitration consisting of three (3) members selected as follows:

(i) The state veterinarian shall select one (1) stock grower who is a resident of the county where the ordered disposed animal for which the claim is made ranged;

(ii) The claimant shall select one (1) stock grower who is a resident of the same county; and

(iii) These two (2) shall choose the third member from among the stock growers of the same county.

(c) The indemnity granted under this section shall be the difference between the fair market value of the livestock and the amount received for the sale, less any amount of reimbursement provided for and paid under federal law and regulation. Fair market value shall be determined by using comparable sales data from state markets at the time of removal or by the use of a qualified independent livestock appraiser as designated by the state veterinarian. If no sale is transacted, but an animal is removed for diagnostic purposes or disposal, the reimbursement provided shall be the fair market value minus any other reimbursement. Unless otherwise reimbursed, the cost of shipping or transportation and commission charges shall be added to the amount provided to the producer for livestock indemnification. It shall be paid to the owner upon his

application and presentation of proofs prescribed herein within six (6) months of the date of ordered disposal for which payment is claimed. The claim shall be barred if not presented within the time limited.

(d) Payments shall be made by the state treasurer from funds appropriated to the animal reimbursement program account under W.S. 11-19-118 and as provided by W.S. 11-19-109. The right to indemnity is limited to animals destroyed by reason of existence or suspected existence of some epizootic form of infectious or contagious diseases, generally fatal or incurable.

(e) There is no right to indemnity and payment in the following cases:

(i) For animals belonging to the United States;

(ii) For animals that are brought into the state contrary to the laws of this state or the governor's import proclamation;

(iii) For animals found to be diseased upon arrival or that were exposed to the disease prior to their arrival in the state under circumstances whereby the Wyoming owner knew or should have known of such conditions;

(iv) When an animal was previously affected by any other disease which from its nature and development was incurable and necessarily fatal;

(v) When the owner or person in charge has knowingly or negligently omitted to comply with W.S. 11-19-104 or 11-19-105; or

(vi) When the owner or claimant at the time of coming in possession of the animal knew it to be diseased or received the notice specified in W.S. 11-19-110.

(f) The Wyoming livestock board, in consultation with the state veterinarian, shall promulgate rules and regulations for the processing of claims under this section.

(g) Renumbered as 11-19-118 by Laws 2020, ch. 94, § 2.

11-19-107. Auditor to pay claims allowed by board; effect of failure to submit claim to board.

The state auditor shall pay no claim for indemnity which is rejected by the state veterinarian, unless it has been submitted to arbitration and the arbitration board decided it to be legal and just. If any claimant refuses to submit his claim rejected by the veterinarian to a board of arbitration, the refusal is a waiver of all claim for indemnity.

11-19-108. Compensation of board.

Each member of a board of arbitration shall receive one hundred dollars (\$100.00) for each day actually engaged and employed in the investigation of any claim, paid by the state veterinarian out of an appropriation for that purpose.

11-19-109. Limitations on indemnity.

The liability of the state for indemnity for animals destroyed under this act [§§ 11-19-101 through 11-19-111] in any two (2) years, is limited by and shall in no case exceed the amount especially appropriated for that purpose and for that period.

11-19-110. Quarantine of diseased animals; authority of veterinarian over animals in transit.

(a) The owner or person having in charge any animal affected with or suspected of any contagious or infectious disease shall immediately confine the animal in a safe place, isolated from other animals, and with all necessary restrictions to prevent dissemination of the disease until the arrival of the state veterinarian.

(b) The state veterinarian or his agent may examine all animals passing through the state and on detection or suspicion of disease may take possession of and treat and dispose of animals in transit in the same manner as animals resident in the state.

11-19-111. Regulation of importation of animals; prohibited acts; penalties; applicability.

(a) The governor, upon recommendation of the Wyoming livestock board, may regulate by proclamation the importation into Wyoming from any other state any animal, blood, microorganism or biologic agent capable of causing any disease affecting livestock or other animals, or any other item suspected of being infected or contaminated with biologic agents capable of causing animal disease, except under such conditions

as he deems proper for the protection of the livestock, livestock animals as defined in W.S. 11-29-101(a)(vi) and other domestic animals of Wyoming. All requirements in the governor's proclamation shall be enforced by the Wyoming livestock board.

(b) After a proclamation is issued by the governor it is unlawful for any person to import into Wyoming or receive imports within this state from any other state any animal, blood, microorganism or biologic agent capable of causing any diseases affecting livestock or other animals, or any product or item suspected of being infected or contaminated with biologic agents capable of causing animal disease, except under such conditions as may be imposed by the proclamation. Any person who violates this section shall be punished as provided in W.S. 11-1-103. The violator is civilly liable for all damages and loss sustained by any person by reason of violation of the proclamation.

(c) The proclamation authorized by this section shall not prohibit the transportation of animals through Wyoming by railroad as long as the animals are not unloaded in this state.

(d) The state veterinarian may inspect, treat, test, vaccinate, quarantine or sell any livestock or other domestic animals imported into Wyoming in violation of W.S. 11-19-111 or any rules promulgated thereunder. Any order or regulation made by the state veterinarian is subject to review, modification or annulment by the governor or the board at any subsequent meeting.

(e) An order of the state veterinarian under subsection (d) of this section shall be subject to appeal and due process as provided in W.S. 11-19-103.

11-19-112. Cooperation with animal and plant health inspection service.

The state consents to having the animal and plant health inspection service (APHIS) of the United States department of agriculture and its employees come within Wyoming for all purposes connected with the importation and exportation of diseased livestock and for all purposes connected with the eradication, suppression and control of dangerously infectious and contagious diseases of livestock.

11-19-116. Repealed By Laws 2013, Ch 12, § 2.

11-19-117. Repealed By Laws 2013, Ch 12, § 2.

11-19-118. Animal reimbursement program account.

(a) There is created the animal reimbursement program account into which shall be deposited revenues as provided by law. (d) Not more than twenty-five thousand dollars (\$25,000.00) shall be paid for any single quarantine effort under W.S. 11-19-103(k). The reimbursement limit under this subsection does not include any indemnity payment for livestock disposal under W.S. 11-19-106, 11-19-214 or 11-19-406. Payments from this account for quarantine efforts shall cease whenever the unexpended, unobligated account balance equals or is less than one hundred thousand dollars (\$100,000.00). All such reactor livestock animals shall be disposed of for slaughter or diagnostic purposes only, upon and according to written instruction from the Wyoming livestock board. Any person who violates any provision of this section shall be punished as provided in W.S. 11-1-103. As used in this section, "confirmatory test" means a test for brucellosis that has the specificity and sensitivity to verify the presence or absence of brucella abortus in animal serum or tissues and is used to confirm results from an initial brucellosis test.

11-19-402. Breeding cattle and bison entering state to show evidence of negative test or vaccination for brucellosis; exceptions.

All breeding cattle and bison entering Wyoming shall be accompanied by a proper health certificate showing evidence of a negative blood test for brucellosis made within thirty (30) days prior to entry, or evidence of being officially vaccinated by a licensed veterinarian during calfhood against brucellosis. Breeding cattle and bison originating from brucellosis free areas and from certified brucellosis free herds entering Wyoming may be exempt from this section but must be accompanied by a proper health certificate.

(b) The governor may direct any state agency to take any actions needed to ensure brucellosis does not spread from wildlife to livestock.

(c) In the event of a confirmed outbreak of brucellosis, the governor may authorize the state veterinarian, with the approval of the Wyoming livestock board, to require brucellosis testing of all test eligible bovine or domestic bison at the farm or ranch of origin or any licensed Wyoming livestock market prior to a change of ownership for a period of up to eighteen (18) months. At the end of the required testing period, the

state veterinarian shall review the testing requirement and may reimpose brucellosis testing for one (1) or more successive periods under this subsection if there is deemed by the state veterinarian to be a threat to Wyoming's brucellosis free status or if the state is designated as brucellosis class A or lower status.

Payments under this section shall not be made by the state for any sexually intact female cattle or bison which are over twelve (12) months old and which are not official calfhood vaccinates as provided in board rule and regulation. The program may be conducted with the help of

veterinary practitioners and livestock auction markets. This program shall provide for the testing of livestock for brucellosis, for spaying heifers and for adult vaccinations only to the extent that may be reasonably necessary to maintain or to regain the brucellosis-free status of the state of Wyoming. Compensation under this program for all purposes except mandatory testing or testing within an area of concern as designated by the board and approved by the governor shall be pursuant to the terms of a livestock herd plan that has been entered into between the livestock producer and the Wyoming state veterinarian.

(b) The compensation for brucellosis surveillance testing, spaying heifers and adult vaccinations shall be paid at not less than one dollar and fifty cents (\$1.50) per head and not more than eight dollars (\$8.00) per head of cattle actually tested, spayed or adult vaccinated. The payment shall be made upon submission to the Wyoming livestock board of a notarized invoice indicating the number of head tested, spayed or adult vaccinated, the ownership of the animals tested, spayed or adult vaccinated and the testing, spaying or adult vaccinating location.

The

notice shall set forth the number of sheep, the brands or marks thereon, the name of the owner and the locality from which the sheep came and through which they have been driven.

(b) Sheep trailed or shipped into the state from adjoining states for immediate interstate shipment or for show and exhibition purposes, sheep grazing along and across state lines, and sheep shipped from any part of this state to feed yards in any other part of the state when shipment is made by interstate route, are governed by the rules and regulations of the board.

In criminal actions, no arrest is necessary except in case of nonresident persons, but a summons containing notice of the time and place of trial, together with a copy of the complaint filed in a circuit court, or in the court in which the action is commenced, shall be served in the same manner and for the length of time provided by law for the service of summons in civil cases.

11-19-506. Penalties.

Any person who violates W.S. 11-19-501 through 11-19-505 shall be fined not more than five thousand dollars (\$5,000.00) or imprisoned not more than one (1) year, or both.

ARTICLE 6

WILDLIFE/LIVESTOCK DISEASE RESEARCH PARTNERSHIP

11-19-601. Findings; purposes.

(a) The interaction of livestock and wildlife may lead to mutual or shared diseases. Some of these diseases may have the potential to adversely affect Wyoming's livestock producers and influence the management of Wyoming's free-ranging wildlife. Research into these diseases may provide strategies or solutions that benefit Wyoming's livestock industries and wildlife resources.

(b) The purpose of the Wyoming wildlife/livestock disease research partnership is to utilize existing personnel and facilities of the state, to identify funding sources, to enhance wildlife and livestock disease research in the state, and to understand, manage, control and preempt potentially mutual or shared diseases that may impact wildlife, livestock or humans.

11-19-602. Wyoming wildlife/livestock disease research partnership board created; membership; duties; purposes.

(a) There is created the wildlife/livestock disease research partnership board within the department. The board shall consist of the following members or their designees:

- (i) The director of the department;
- (ii) The director of the Wyoming game and fish department;
- (iii) The vice-president for research at the University of Wyoming;
- (iv) The director of the Wyoming state veterinary laboratory; and
- (v) The state veterinarian.

(b) The board shall:

(i) Accept funding from all sources, including federal, state and local governments and private donations to carry out the purposes of this article;

(ii) Leverage funds received to match other funds that may be available to the board;

(iii) Deposit funds received into the account created by W.S. 11-19-603. No funds may be withdrawn or otherwise expended without the specific consent of at least three (3) members of the board;

(iv) Accept, review and prioritize research proposals submitted to the board;

(v) Seek support for programs and projects consistent with the purposes of the board;

(vi) Allocate funds for research which serve the goals of understanding, managing, controlling or preempting potentially mutual or shared diseases that impact wild and domestic animals or humans in the state.

(c) In approving research requests for funding, the board shall first consider any requests for funding from the Wyoming game and fish department, the University of Wyoming, the Wyoming department of agriculture and the Wyoming livestock board. After consideration of requests from those state agencies, the board may consider requests from other entities.

(d) All research projects requesting funding from the board shall be submitted to the board in a form and manner specified by the board. The approval of not less than three (3) members of the board shall be required prior to funding of a project with funds received under this section.

11-19-603. Account created.

There is created a wildlife/livestock disease research partnership account. Funds from this account shall be used only for purposes specified in W.S. 11-19-601 through 11-19-604. Any interest earned on the account shall remain within the account.

11-19-604. Wyoming bighorn/domestic sheep plan.

(a) The Wyoming bighorn/domestic sheep plan shall be developed and maintained by rule and regulation as provided in this section to address potential conflicts arising out of the interaction between bighorn sheep and domestic sheep within the state. The game and fish commission, the board of agriculture and the livestock board may jointly consider recommendations for changes to the plan and may revise or amend the plan through the rulemaking process pursuant to the Wyoming Administrative Procedure Act.

(c) The goal of the Wyoming bighorn/domestic sheep plan shall be to maintain the health of bighorn sheep populations while sustaining an economically viable domestic sheep population.

(d) The most current version of the Wyoming bighorn/domestic sheep plan shall be published on the website of the game and fish commission.

(e) In conformance with the Wyoming bighorn/domestic sheep plan the game and fish department may relocate or remove bighorn sheep to another area of the state if a federal judicial action or agency decision would require elimination of domestic sheep grazing in any area or herd unit designated in the Wyoming bighorn/domestic sheep plan as a nonemphasis herd. The game and fish department shall be reimbursed for the costs of relocation or removal of sheep under this subsection from funds available in the wildlife/livestock disease research partnership account.

11-20-111. State brand book; contents.

The executive officer of the board shall procure a suitable book, to be known as the state brand book, in which shall be recorded the brand and the definite place of the brand upon the animal, used for the branding of livestock in this state. Not less than six (6) months before declaring a brand abandoned, the board shall send a notice of proposed brand abandonment to the owner of the brand at the address shown on the brand records. The livestock board is authorized to promulgate rules and regulations necessary to implement this section including rules for issuing abandoned brands to other applicants.

(b) Repealed by Laws 2019, ch. 148, § 3.

(c) The term of the rerecording period shall be in ten (10) year increments, not to exceed one hundred (100) years at the option of the owner of the brand. (c) The recording of a bill of sale or other instrument transferring ownership of a recorded brand during any renewal period shall not serve as a renewal of the brand. Transfer of ownership and renewal of a brand are separate transactions, for each of which the appropriate fee will be collected.

(d) Repealed By Laws 1996, ch. 25, § 2.

(e) The fees collected pursuant to this section shall be deposited in the account created by W.S. 11-20-405.

(a) The board may designate an agency or contract for services subject to rules and regulations of the board, to exercise the rights, powers and duties provided by law with respect to inspection of brands and ownership of the animals mentioned herein.

(b) The agency, or the board may contract for inspectors as the board deems necessary to carry out specified duties. The

board may contract for inspectors through an individual at-will contract. The board may contract to provide the inspector salary, mileage, per diem and other necessary reimbursable expenses, membership in the state employees' and officials' group insurance plan in accordance with W.S. 9-2-1022(a)(xi)(F)(IV) and 9-3-207, and the state retirement system in accordance with W.S. 9-2-1022(a)(xi)(F)(IV) and 9-3-412. The board shall be authorized to establish mileage rates without regard to the limitations provided in W.S. 9-3-103. During the time that inspectors are acting within the scope of their duties on behalf or in service of the state in their official capacity, inspectors are covered by the provisions of the Wyoming Governmental Claims Act, W.S. 1-39-101 through 1-39-120, and the state self-insurance program, W.S. 1-41-101 through 1-41-111. It may assign inspectors inside or outside of this state as it deems appropriate. A blanket bond or individual bonds shall be executed to the state with good and sufficient surety in an amount determined by the board, conditioned for the full and faithful performance and discharge of the inspector's duties. The bond shall be approved by and filed in the office of the board.

(c) The board may enter into cooperative agreements wherever economically feasible with the proper authorities of other states for the enforcement and implementation of the Wyoming brand laws. Brand inspections performed in accordance with such a cooperative agreement is a Wyoming brand inspection within the meaning of the brand inspection laws of this state. For purposes of this subsection, the brand inspection need not be performed by a Wyoming brand inspector.

11-20-202. Duties of board; enforcement of provisions.

(a) Inspections for brands and ownership of livestock, wool, pelts, hides or carcasses shall be made by the board or its designated agency. The board shall prepare and provide all forms required for inspections and recording inspections for brands and ownership, and any substitutes or facsimiles are invalid. The agency of the board shall keep on file in its office copies of inspection certificates. The board shall make rules and regulations governing inspections for brands and ownership as necessary, consistent with the laws of Wyoming.

(b) The board shall enforce the brand inspection provisions of this act. No agent of the board exercising ordinary care and precaution in performing his duties is liable for any damage or loss that may be incurred thereby. The

immunity from liability provided by this section shall include liability for damages alleged to have been caused by an agent's efforts to repair a fence.

11-20-203. Inspection of brands at time of delivery or removal; certificate required; lack thereof; emergency movement of livestock.

(a) Except as otherwise provided in this section or except as provided in W.S. 11-20-211, 11-20-224 and 11-20-230, it is unlawful for any person, firm, partnership, corporation, or association to sell, change ownership or to remove or cause to be removed in any way from any county in Wyoming to any other state or country, any livestock unless each animal has been inspected for brands and ownership at the time of delivery or removal by an authorized Wyoming brand inspector and a proper certificate of inspection or clearance has been issued.

(c) Except as otherwise provided in this section or except as provided in W.S. 11-20-211, 11-20-217, 11-20-224 and 11-20-230, it is unlawful for any person, firm, partnership, corporation or association to remove or cause to be removed in any way from any county in Wyoming to any other county, any livestock unless each animal has been inspected for brands and ownership at the time of delivery or removal by an authorized Wyoming brand inspector and a proper certificate of inspection or clearance has been issued, except where the board has established brand inspection zones for each species of livestock. Brand inspection zones may encompass an area based on multiple contiguous counties or the entire state, as determined by the board. Brand inspection zones shall be reviewed and reauthorized annually by the board and shall be in effect for a calendar year.

(d) Notwithstanding any other provision of this section, a person, firm, partnership, corporation or association may move livestock to another county in this state in the case of an emergency situation declared or recognized by the board or director. If a livestock animal is moved under this subsection, the person moving the animal shall notify the board or an agent of the board not later than forty-eight (48) hours after the movement has occurred. Prior to moving the livestock back to the original location or to any other location, the person shall obtain an inspection of brands and ownership and the board shall not charge a fee for the inspection. If livestock will be moved

across state lines in an emergency situation declared or recognized by the board or director under this subsection, the person, firm, partnership, corporation or association shall immediately contact the board and follow the direction of the board for inspection of brands and ownership. The board or director may declare an emergency situation under this subsection at any time it is required for public safety or the safety of livestock. If livestock is moved prior to declaration of an emergency situation by the board or director, the board or director may recognize the situation as an emergency situation after the fact if it determines that any movement of livestock was required for public safety or for the safety of livestock.

(e) No inspection for brands and ownership is required if a change of ownership occurs solely due to:

(i) A legal name change of a person, firm, partnership, corporation or association if the ownership of the firm, partnership, corporation or association remains unchanged and the brand is transferred to the new legal name;

(ii) The transfer of a brand from an individual or the individual and his spouse to a business entity if the individual or the individual and his spouse are owners of a one hundred percent (100%) interest in the business entity;

(a) Except as otherwise provided, before selling, changing ownership or removing any livestock from any county of Wyoming, the person selling, changing ownership or intending to cause removal shall notify the inspector of the date of the intended removal and the time and place when and where the required inspection for brands and ownership can be made. The inspection

shall be made within a reasonable time prior to shipment. The person in charge of the livestock shall hold the livestock at the place designated until the livestock have been inspected and an official certificate of inspection is issued. The person in charge shall render the inspecting officer such assistance as is practicable while the required inspection is being made.

(b) Upon being notified of the intention of any person to sell, change ownership or remove from the county any livestock when a prior inspection is required by law, the inspector notified shall go to the place designated at the time agreed upon, and make an inspection for brands and ownership of the livestock.

(c) The inspection shall only be done under conditions that allow the inspector, at the sole discretion of the inspector, to adequately view the livestock for the purpose of determining brands. The inspector shall list by classes the livestock, showing number of each class and all brands, together with the names of owners of the brands, if known. The inspector may require from the person in charge proof of ownership of the livestock to be removed from the county, by brand record, bill of sale or the affidavits of at least two (2) responsible citizens of the county who are not interested financially in the animals. If ownership of any of the livestock is not claimed by the person intending to remove them from the county, then written authorization from the owner for such removal is required.

(d) Estrays, the ownership of which is unknown, shall not be removed from the county except by order of the inspector in accordance with W.S. 11-24-102.

(e) No inspection for brands and ownership is required if a change of ownership occurs solely due to:

(i) A legal name change of a person, firm, partnership, corporation or association if the ownership of the person, firm, partnership, corporation or association remains unchanged;

(ii) The transfer of a brand from an individual or the individual and his spouse to a business entity if the individual or the individual and his spouse are owners of a one hundred percent (100%) interest in the business entity;

(iii) A conversion of a business entity as provided in W.S. 17-26-101;

(iv) Marriage.

11-20-206. Certificate of inspection generally; distribution of copies; failure to exhibit; justification to hold vehicle and livestock.

(a) Any inspector, upon completing an inspection of livestock for brands and ownership, shall record the inspection upon a form furnished by the Wyoming livestock board. When completed and signed by the inspector and the owner of the livestock or the owner's designee, the form is a certificate of inspection authorizing the removal from the county of the livestock listed. The inspector shall deliver a copy of the certificate to the person in charge of the livestock. If movement is to be by truck, a copy of the certificate shall be delivered by the person in charge of the animals to the driver or person in charge of the truck or trucks, and shall be kept in the latter's possession until the livestock are delivered at the final destination as shown on the certificate of inspection, and shall be exhibited upon request to any person authorized to enforce the brand inspection laws of this state.

(b) Failure or refusal by the driver of any vehicle to exhibit a certificate of inspection or a properly executed shipper's certificate and agreement or permit listing the livestock being transported within the state, is justification for any authorized person to hold the vehicle and the livestock, at the carrier's or the shipper's expense, until the carrier establishes his right to transport the livestock. If the carrier cannot establish his right to transport the livestock within twelve (12) hours, the vehicle and livestock shall be impounded as provided by W.S. 11-20-228, pending complete investigation and disposition as provided by law.

11-20-207. Repealed by Laws 1982, ch. 75 § 5; 1983, ch. 171, § 3.

11-20-208. Proof of prior ownership; penalties for furnishing false proof.

(a) When the proof of ownership inspection is used, inspectors shall require proof of ownership of livestock upon change of ownership as provided by W.S. 11-20-203(a) and an instrument evidencing such ownership shall be delivered by the

shipper to the inspector who shall attach it to the form and return it to the agency.

(b) The furnishing of false proof of prior ownership is probable cause for investigation of a felony offense being committed. All livestock involved shall be remanded to the custody of the Wyoming livestock board pending the outcome of the investigation and criminal charges, if any. Costs incurred for maintenance of the livestock involved shall be paid by the person who furnished false proof of ownership. Should the investigation show the only offense involved is furnishing false proof of ownership, the person furnishing such false proof shall be fined not less than two hundred dollars (\$200.00) or more than seven hundred fifty dollars (\$750.00) or imprisoned for not more than six (6) months, or both.

11-20-209. When inspection not required.

No inspection for brands and ownership is required for livestock originating in another state, territory or country and being transported through Wyoming by common carrier or contract carrier in interstate commerce, without leaving the custody of the carrier.

11-20-210. When inspection not required; certain importations; compliance with health and quarantine regulations required.

Subject to conditions set forth in this section, no inspection for brands and ownership is required of livestock being imported into Wyoming if the livestock are transported or driven directly from point of entry into Wyoming to a destination within Wyoming and the person in charge of, or having custody of the livestock has in his possession written authority to transport or drive the livestock from the state, territory or country of origin to a destination in Wyoming and written evidence that all health and quarantine regulations of Wyoming have been complied with. Such written evidence shall be shown upon request to any officer authorized to enforce the brand inspection laws.

11-20-211. When inspection not required; contiguous range.

No inspection for brands and ownership is required for livestock being moved to their accustomed range which is on both sides of but contiguous to any county or state line, for the purpose of pasturing or feeding same. The word "contiguous" means actually touching, bordering or abutting upon, and this section shall not

be construed to exempt from inspection livestock whose accustomed range is near or in close proximity but not contiguous to a state or county line.

11-20-212. In-state range movement permits.

(a) The board may issue an in-state range movement permit for the movement of livestock from a location in Wyoming to a noncontiguous location in another county provided the applicant and the ranch meet the requirements of this subsection and criteria established by rules of the board. The movement shall be for the purpose of pasturing, grazing, feeding the livestock, veterinary care, commercial lease or use or other board approved movement that is considered necessary for normal ranch management operating conditions. The movement shall not be for the purpose of changing ownership. A permit under this section may be issued only to bona fide owners or Wyoming resident lessees of qualified ranch lands headquartered within Wyoming or their authorized employees. As used in this section, a qualified ranch means a ranch that has been used for a period of time or purpose specified by the board and which use can be verified by brand inspection records. A permit may be denied by the board after a finding that the person applying for a permit has violated a brand inspection or animal health law, including a provision of this section, a board brand inspection or animal health rule or regulation or a board order.

(b) The fee imposed by W.S. 11-20-402 shall be collected at the time of the issuance of the permit under this section. If a change of ownership occurs before the livestock is returned to the county of origin pursuant to a permit issued under this section, the owner shall notify a brand inspector for an inspection of the livestock and shall pay all fees imposed under W.S. 11-6-210 and 11-20-401.

(c) Repealed By Laws 2010, Ch. 69, § 204.

(d) The board shall promulgate rules and regulations necessary to carry out the provisions of this section.

(a) A brand inspector may inspect livestock being transported, trailed, pastured or confined at his discretion, to determine ownership, without an inspection fee.

(b) Any person may request an inspection for brands and ownership of livestock in his possession at any time. The inspection fee prescribed by W.S. 11-20-401 shall be collected by the brand inspector.

11-20-215. Repealed By Laws 2007, Ch. 105, § 2.

11-20-216. Procurement, form, contents and validity of truck-fleet shipment permit.

When a shipment of livestock is to be made in more than one (1) truck and the entire shipment is listed on one (1) certificate of inspection, or one (1) shipper's certificate and agreement, or on any single permit required by law, the person in charge of the shipment shall obtain a truck-fleet shipment permit. The board shall prepare the form and contents of the permit. The permit is valid only for the shipment specified and on the date or dates shown.

11-20-217. Certificates and agreements in lieu of inspection; generally; shipper's demand for inspection; penalty.

(a) Subject to conditions set forth in this section, no prior inspection for brands and ownership is required of horses, mules, cattle or sheep being or about to be transported to any open market where Wyoming brand inspection is maintained whether within or outside Wyoming.

(b) In lieu of an official inspection for brands and ownership, the person proposing to remove livestock from any county of Wyoming to any such open market shall fill out and sign a certificate on a form approved by the board. The form shall include an agreement providing that the livestock listed on the certificate will not be diverted en route from the destination shown unless and until an inspection for brands and ownership has been made by an authorized Wyoming brand inspector, unless the diversion is to an open market where Wyoming brand inspection is maintained or where a brand inspection is made which substantially complies with the brand inspection laws of this state pursuant to an agreement entered into under W.S. 11-20-201(c). It shall further provide that in case of diversion of all or any part of the shipment the livestock diverted will be held at some convenient place,

separate and apart from other livestock, until inspected, and the shipper will pay the necessary expenses incurred by the inspector and the legal inspection fees. The board shall establish a fee to be charged for use of the form authorized by this section. The fee for this form shall not exceed one dollar (\$1.00) per head. The form authorized by this section shall not be issued until all fees required by W.S. 11-6-210 have been paid in full and may be collected at the time the form is issued by the issuing party. A blanket bond or individual bonds shall be executed to the state with good and sufficient surety in an amount determined by the board, conditioned for the full and faithful performance of any issuer of the forms and collecting of fees pursuant to this section.

(c) Except on demand of the shipper, the inspector is not required to inspect any horses, mules, cattle or sheep, consigned directly to any open market where Wyoming brand inspection is maintained. If the shipper demands a prior inspection, the inspection shall be made and the legal inspection fee charged and collected. Inspection at point of origin does not exempt the shipment from inspection for brands and ownership, nor the shipper from payment of inspection fees at the open market destination.

(d) The form authorized by this section may be denied, suspended or revoked by the board after proper hearing as provided by the Wyoming Administrative Procedure Act, and a finding that the person to whom the permit is granted has violated any of the brand inspection laws.

11-20-218. Repealed By Laws 2007, Ch. 105, § 2.

11-20-219. Certificates and agreements in lieu of inspection; filing and distribution of copies.

(a) After a certificate and agreement listing a shipment of horses, mules, cattle or sheep to be transported by common or contract carrier has been filled out, signed and witnessed, a copy shall accompany the shipment.

(b) A copy of the certificate and agreement listing horses, mules, cattle or sheep to be transported by private carrier shall be retained by the owner or his agent until the animals have been delivered at the destination shown and shall then be delivered by him to the Wyoming brand inspector at the destination.

(c) A copy of the certificate and agreement listing horses, mules, cattle or sheep being transported shall be shown upon request, to any person authorized to enforce the brand inspection laws.

11-20-220. Diverted shipments; notice thereof.

Should any shipment or any part of a shipment of horses, mules, cattle or sheep listed on a certificate and agreement consigned to an open market be diverted en route from the destination shown, the railroad, trucking firm, trucker or private carrier transporting the shipment shall notify the Wyoming brand inspector at the original destination and the agency that such diversion has been ordered and made. The notice shall be sent within twenty-four (24) hours after diversion is ordered. If the diversion is ordered and made before the shipment leaves Wyoming, the required inspection for brands and ownership shall be made by any Wyoming brand inspector. If the shipment has left Wyoming, the inspection shall be made by a brand inspector having authority to inspect Wyoming livestock outside the state.

11-20-221. Common carriers not to receive livestock for transportation without certificate.

Except as otherwise provided, it is unlawful for any railroad, trucker or other common or contract carrier, or any person to receive for transportation or to transport any horses, mules, cattle or sheep from any county in Wyoming to any other county, state, territory or country, until furnished with an official certificate of inspection, filled out and signed by an authorized inspector, showing the horses, mules, cattle or sheep to be transported have been inspected for brands and ownership.

11-20-222. Unbranded calves; inspection at request of stockman; fee.

All calves unbranded or wearing unpealed brands shall be shown to the inspector at the point of origin and at their mother's side, upon written request of a bona fide Wyoming stockman from the immediate area to the district brand supervisor of that area, made at least five (5) days prior to shipment, or upon request of an authorized brand inspector. When inspection is requested, it shall be made immediately before loading and shipping the calves. The seller or shipper shall report to the inspector the name and address of the owner and shipper at destination of shipment, mode of transportation and the name and address of the consignee. The inspector shall record and file

the same with the board or its agency. If shipment is to a market where Wyoming brand inspection is maintained, the usual fee shall be charged for sale ring inspection.

11-20-223. Out-of-state accustomed range permits.

(a) The board may issue an out-of-state accustomed range permit for the movement of livestock from an accustomed range or ranch in Wyoming to a noncontiguous accustomed range or ranch in another state provided the applicant and the accustomed range meet the requirements of this subsection and criteria established by rules of the board. The movement shall be for the purpose of pasturing, grazing, ranging or feeding the livestock or other board approved movement that is considered necessary for normal ranch management operating conditions. The movement shall not be for the purpose of changing ownership. A permit under this section may be issued only to bona fide owners or Wyoming resident lessees of ranch lands headquartered within Wyoming or their authorized employees. As used in this section, an "out-of-state accustomed range or ranch" means a range or ranch that has been used for a period of time or purpose specified by the board and which use can be verified by brand inspection records. A permit may be denied by the board after a finding that the person applying for a permit has violated a brand inspection law, including a provision of this section or a board rule or regulation.

(b) No person shall move animals pursuant to a permit under this section until a brand inspector has inspected the animals and collected the fee imposed by W.S. 11-20-402. The owner of livestock moved under the permit shall attest in writing that it is intended that the livestock shall be returned to this state prior to a change in ownership. If a change of ownership occurs before the livestock are returned to this state, the owner shall notify the brand inspector who performed the inspection and shall pay all fees imposed under W.S. 11-6-210 and 11-20-401 with credit granted for any fee imposed by W.S. 11-20-402(a) (viii).

(c) Repealed By Laws 2010, Ch. 69, § 204.

(d) The board shall promulgate rules and regulations necessary to carry out the provisions of this section.

(e) Repealed By Laws 2013, Ch. 13, § 2.

11-20-224. Permanent brand inspection certificate; application; surrender to board.

The owner of livestock used for rodeo, show, racing, pleasure or Wyoming farm or ranch work purposes may obtain a permanent brand inspection certificate authorizing movement of the livestock intrastate or interstate, valid for the life of the livestock or until a change of ownership takes place, upon approval of a proper application in writing by an authorized Wyoming brand inspector. The application shall contain, or be accompanied by, valid proof of ownership of the livestock by the applicant, and shall include a thorough physical description including all brands carried by the livestock and all distinguishing marks or markings. The possession of a valid permanent brand inspection certificate shall constitute prima facie evidence of ownership. Upon any change in ownership the certificate is void.

11-20-225. Annual horse brand inspection certificate; surrender to board; fee.

(a) The owner of a horse or livestock used for rodeo, show, racing, pleasure or farm or ranch work in Wyoming which is permanently and individually identified may obtain an annual brand inspection certificate, authorizing movement from county to county within Wyoming, valid for one (1) year from date of issuance unless sooner terminated by a change in ownership of the horse described therein. Upon any change of ownership the certificate is void and must be immediately surrendered to the board.

(b) Repealed By Laws 2001, Ch. 26, § 2.

(c) For each permit issued under this section there shall be charged an inspection fee established by W.S. 11-20-402(a)(vi).

11-20-226. Certificates to be signed and in possession.

The inspection certificate and movement permit issued pursuant to W.S. 11-20-224 or 11-20-225 is not valid unless signed by an authorized representative of the board and by the permit holder. The certificate shall be in the possession of the person transporting the horse and shall be shown on request to any person authorized to enforce the brand inspection laws.

11-20-227. Fraudulent use of inspection certificate and movement permit; penalties.

Fraudulent use of an inspection certificate and movement permit issued pursuant to W.S. 11-20-224, 11-20-225 or 11-20-230 is punishable by a fine of not more than one hundred dollars (\$100.00) or by imprisonment for not more than thirty (30) days, or both. The fraudulent use of an inspection certificate and movement permit issued pursuant to W.S. 11-20-224, 11-20-225 or 11-20-230 is probable cause to investigate the commission of a felony, and the provisions of W.S. 11-20-228 may be invoked pending the outcome of the investigation and court proceedings, if any.

11-20-228. Impounding of vehicles; lien.

Any vehicle used in the transportation of livestock in violation of this act may be impounded pending determination of the violation by a court. Upon conviction of the owner of the vehicle, or the owner of the livestock being transported, any expense incurred by an authorized officer for towing the vehicle or for feed and care of the livestock is a lien upon the vehicle or livestock until the expenses are paid in full.

11-20-229. Penalties for violation of certain provisions.

Any violation of the provisions of W.S. 11-20-202 through 11-20-226 and 11-20-230 for which there is no specific penalty prescribed is punishable as provided in W.S. 11-1-103.

11-20-230. Livestock seed stock and exhibitors permit; fees; transfers; reports; enforcement.

(a) Any Wyoming livestock producer who raises and markets livestock for the purpose of providing breeding seed stock or exhibition animals, as defined by the board for purposes of this section, may apply to the board for a livestock seed stock or exhibition stock permit. The fee shall be fifty dollars (\$50.00) per permit. The permit shall be valid for the calendar year issued and no transactions or shipments shall be authorized until a permit has been issued.

(b) After receiving a certificate of inspection from a Wyoming brand inspector, the livestock producer may sell or change ownership of the livestock provided the livestock are branded with the livestock producer's recorded Wyoming brand and the animals can be individually identified by a board approved method. The livestock may then be legally shipped or removed from any county in Wyoming to any other county, state or

country, provided they are accompanied by a board authorized bill of sale and a board issued fleet permit which references the prior certificate of inspection pursuant to W.S. 11-20-216.

(c) The permit holder shall report all transactions and movements and shall pay any applicable fees authorized pursuant to W.S. 11-6-210, 11-37-106 and 11-37-107 to the brand inspector who issued the original brand certificate, or any other designated agent of the board, within three (3) working days of the transaction.

(d) Failure to comply with this section or any other applicable law or board rule shall be grounds for the revocation of the permit and shall be punished pursuant to W.S. 11-1-103. Providing false proof of ownership shall be grounds for the revocation of the permit and shall be punished pursuant to W.S. 11-20-208. All livestock covered under the permit authorized under this section are subject to reinspection by a board authorized brand inspector and any applicable fees shall be assessed.

ARTICLE 3 KILLING ANIMALS TO ASCERTAIN OWNERSHIP

11-20-301. When authorized.

If in the opinion of any authorized brand inspector or sheriff a mark or brand upon any livestock has been fraudulently altered, obliterated or defaced so the original mark or brand cannot be determined by external inspection, the brand inspector or sheriff may seize and kill the animal to ascertain the mark or brand altered or defaced.

11-20-302. Sale of carcass.

The carcass of any animal killed except such part as is retained for evidence, shall be promptly sold at public or private sale by the stock inspector or sheriff, and the proceeds paid into the general fund of the county in which the animal was killed.

ARTICLE 4 INSPECTION FEES AND TAXES

11-20-401. Brand inspection fees generally.

(a) Except as otherwise provided, each livestock inspector shall at the time of inspecting for brands and ownership collect

inspection fees in an amount established by the livestock board but not less than:

(i) One dollar and twenty-five cents (\$1.25) per head on all cattle including unbranded animals, and including the hide or carcass;

(ii) Twenty-five cents (\$0.25) per head on all sheep, including any hide or carcass;

(iii) Nine dollars (\$9.00) per head for the first ten (10) head of horses, asses or mules inspected, including any hide or carcass and one dollar and twenty-five cents (\$1.25) for each additional horse, hide or carcass inspected at the same time and place; and

(iv) A six dollar and twenty-five cent (\$6.25) surcharge per inspection by the livestock inspector. The livestock board shall promulgate rules and regulations to identify conditions under which this surcharge may be waived.

(b) Repealed By Laws 2010, Ch. 69, § 204.

(c) The person suffering damage may restrain and keep in custody as many of the offending animals as are equal in value to the damage done, until the finding of the court or arbitration is ascertained, unless before suit the amount of his claim and expense of keeping the animals is tendered to him.

(d) If, upon trial of any action under subsection (a) of this section, it appears the plaintiff's enclosure is a lawful fence, he shall be allowed to prove the amount of damage sustained and if he has retained in custody the animals committing the damage, the amount of expense incurred for keeping the animals. Any judgment rendered for damages, costs and expenses against the defendant shall be a lien upon the animals committing the damage. If it appears upon trial that the plaintiff's enclosure is not a lawful fence or that no damage was sustained, judgment shall be rendered against the plaintiff for costs of suit and damages sustained by defendant.

(e) If upon trial it appears the defendant is not the owner or person in charge of the offending animals, he shall be discharged from the action with his costs, and the suit may proceed against a defendant whose name is unknown. If, at the commencement of the action, the plaintiff does not know the name of the owner or keeper of the offending animals, he may bring suit against a defendant unknown.

All costs of refinancing the loan, including the cost of having the abstract brought down to date, shall be paid by the mortgagor and no loan shall be refinanced where it appears refinancing will jeopardize the collection of the loan. An additional fee of one percent (1%) of the amount of the reamortized loan shall be paid by each mortgagor to the board to be credited to the loss reserve account as provided by W.S. 11-34-202(e).

(ii) The board may make and establish rules and regulations governing the issuance of mineral leases and covering the conduct of development and mining operations to be carried on thereunder;

(b) No mineral lease is assignable or transferable except with written consent of the board. It shall require the lessee's full compliance with all rules and regulations adopted by the board and compliance with all terms of the lease. All mineral leases shall be separate and distinct from each lease of the land for grazing or agricultural purposes. Rules and regulations adopted by the board shall provide for joint use of the lands

for grazing and agricultural or mineral purposes without undue interference by the lessees under any class of leases with lessees under any other class. The board, on behalf of the state and its lessee in any mineral lease may join in the interest of conservation and greater ultimate recovery of oil and gas, in fair and equitable cooperative or unit plans of development or operation of oil and gas pools, with the United States government and its lessees or permittees, or others, and the board may modify and change any terms and conditions of any oil and gas lease as mutually agreed by the lessor and lessee to conform to the terms of any lease to the cooperative or unit plan and to effectuate proper operations thereunder. The changes may include extension of the term of years applicable to any lease for the full period of time during which the cooperative or unit plan may remain in effect.

(c) When a cooperative or unit agreement is terminated or ceases to be effective as to lands upon which there is no production of oil or gas, the lease covering the lands shall remain in effect for two (2) years from the date the lands ceased to be subject to the agreement, or for the remaining length of the term of the original lease, whichever is greater, and so long thereafter as oil or gas is produced from the lands in accordance with the requirements of the original lease.

(d) The terms of any lease issued under this section for land on which actual drilling operations were commenced prior to the end of its primary term and are being diligently prosecuted at that time shall be extended for one (1) year and so long thereafter as oil or gas is produced in paying quantities.

(e) If land acquired by the board and upon which improvements for mineral operations and other improvements have been made, are sold as to both surface and mineral rights, or if the lands are leased for minerals to other than the owner of the mineral improvements, the purchaser or new lessee shall pay the owner of the improvements the fair value thereof at a mutually agreed price. If agreement cannot be promptly reached the price shall be fixed by appraisement under the direction of the board. As used in this subsection "improvements" means improvements which are used or useful and necessary for subsequent operation of the land for mineral purposes and the price shall include the fair value of the work previously done in the development of the property if it is of practical use in future mineral operation. No well drilled on the land for oil or gas which does not produce either in commercial quantities, and no shaft, tunnel or drift from which coal or other minerals have been substantially

exhausted shall be considered improvements for the purposes of this subsection.

(f) The board may sell or otherwise dispose of property at a price not less than seventy-five percent (75%) of the appraised value and upon terms determined by the board which shall adopt rules and regulations governing such sales. When land is sold which was acquired by the board through the foreclosure of any farm loan mortgage provided for by this act, the board shall not reserve any part of, or interest in, the mineral estate. When land otherwise acquired by the board is sold, the board may reserve all or any part of the mineral content of the land and the right to use so much of the surface of the land as it considers convenient or necessary in connection with mineral operations thereon, together with all needed rights of ingress and egress, but the board in each case shall appropriately provide for indemnification of the surface owner against all surface damages caused by mineral operations on the land.

(g) The board may lease for agricultural and grazing purposes any lands acquired by it on such terms and conditions as it prescribes and adopt rules and regulations it considers necessary in facilitating the leases.

He shall furnish to the board at his own expense a mortgagee's title insurance policy in the full amount of the mortgage, issued by a title insurance company authorized to do business in Wyoming in a form acceptable to the board, reflecting merchantable fee title in mortgagor, or in lieu thereof an abstract of title certified by a bonded abstracter qualified to prepare abstracts under the laws of Wyoming, under such rules as the board may prescribe. The mortgagor shall deposit with the board before his application is considered, one hundred dollars (\$100.00), the unused portion of which, if his loan is not granted, shall be returned to him, but if his loan is granted, the amount shall be paid into the loss reserve account as

provided by W.S. 11-34-202(e). An additional fee of one percent (1%) of the loan closed shall be paid by each mortgagor to the board. The revenues produced by this fee shall be credited to the loss reserve account as provided by W.S. 11-34-202(e).

11-34-123. Foreclosure proceedings; duty of attorney general; deed in lieu of foreclosure.

(a) Any foreclosure of any mortgage provided for by this act shall be made in the usual manner, either by civil action or by advertisement as the board may direct. In cases of foreclosure the attorney general shall render all services needed in connection with the foreclosure proceedings, and the costs, fees and expenses may be taxed in like manner and to the same effect as if the state of Wyoming were a natural person. Payment of proceeds upon foreclosure shall be made in accordance with W.S. 34-4-113. All monies received by the state from sale of the land acquired by foreclosure or by redemption of land sold on foreclosure, in excess of the amount owing to the appropriate permanent fund account and the interest due thereon, shall be credited to the loss reserve account as provided by W.S. 11-34-202(e). The board may extend the time of payment of any interest or installment payment due on any farm loan for as long as the board deems proper, and distribute the defaulted payments including interest, over undue payments in a manner and under terms the board deems just, each loan to be judged on its own merits without regard to any general rule. It is the intention of this section to authorize the board to consider and determine whether any mortgages executed by virtue of this act shall be foreclosed or renewed, with or without penalty, but no renewal shall extend beyond the due date of the original loan or any extension of the term by reamortization authorized by W.S. 11-34-113(d).

Every borrower shall insure buildings on the lands mortgaged to the satisfaction of the board. Insurance shall be made payable to the mortgagee as its interest may appear at the time of loss, and at the option of the mortgagee subject to the general regulations of the board. Insurance proceeds received may be used to pay for reconstruction of the buildings destroyed. Nothing in this section shall prevent the commencement of foreclosure proceedings at any time upon the default of principal or interest or failure to pay any taxes, judgments, assessments, liens or insurance.

11-35-107. Marketing orders; referendum for approval or amendment.

No marketing order or amendment directly affecting producers is effective until the board determines the issuance of the order is approved and favored by at least two-thirds (2/3) of the producers eligible to participate in a referendum on the question of its approval, and who during the representative period, have produced for market the commodities specified in the order or amendment in commercial quantities within the production area specified in the marketing order, and who during the respective period have produced at least fifty-one percent (51%) of the volume of the commodity produced for sale.

11-35-108. Marketing orders; hearing to terminate.

If the board finds that the termination of any marketing order is requested in writing by more than fifty percent (50%) of the producers engaged within the designated production area in the production for market of the commodity specified in the marketing order, and who produce for market more than fifty percent (50%) of the volume of the commodity produced within the designated production area, the board may call a hearing to consider whether or not the order shall be terminated, suspended or amended.

Upon the issuance of any marketing order or any suspension, amendment or termination thereof, a copy of the notice shall be published in the official newspaper of general circulation published in each county of the state. Every person engaged in the production, processing, distribution or handling of any marketable agricultural product directly affected by any marketing order for the commodity shall pay to the board at the time and in the manner prescribed by the order as assessment for the budget the percentage of the gross dollar volume of sales or dollar volume of purchase or amounts handled, or distribution of any commodity affected by the marketing order, as necessary to defray the expenses of the enforcement of this act, but in no case to exceed five percent (5%) of the gross dollar volume.

Any assessment levied in a specified amount determined by the market order pursuant to W.S. 11-35-111 constitutes a personal debt of the person assessed and is due and payable when payment is called for. (b) The director may confer with and cooperate with the legally constituted authorities of states and of the United States to obtain uniformity in the administration of federal and state marketing regulations, licenses or orders. CHAPTER 36 DAIRY MARKETING

11-36-101. Short title; legislative declarations; purposes.

(a) This act shall be known and may be cited as the "Wyoming Dairy Marketing Act of 1971."

(b) It is hereby declared:

(i) That a sound and efficiently operated system for distribution, transportation, manufacture, storage, sale, handling, marketing, pricing, processing, production and promotion of dairy products is essential to a prosperous dairy industry within the state of Wyoming and is indispensable to the maintenance of full employment, health, welfare and prosperity of the state;

(ii) That the marketing of dairy products in this state in excess of market demands, disorderly marketing of such commodities, improper preparation for market and lack of uniform grading and classification of dairy products, unfair methods of competition in marketing of dairy products and the inability of individual producers, processors or handlers to maintain present markets or to develop new or larger markets for Wyoming dairy products, result in an unreasonable and unnecessary economic waste of part of the agricultural wealth of this state;

(iii) That such conditions and waste jeopardize the continued distributing, transporting, manufacturing, selling, storing, handling, marketing, pricing, processing, producing and promoting of adequate food supplies, feed and fiber for the people of this state and other states and prevent producers,

processors or handlers of dairy products from obtaining a fair return on their labor, invested capital and expertise;

(iv) That such conditions and waste vitally concern the health, peace, safety and welfare of the people of this state;

(v) That the distributing, transporting, manufacturing, selling, storing, handling, marketing, pricing, processing, producing and promoting of dairy products in Wyoming is hereby declared to be affected with a public interest. Accordingly, the provisions of this act are enacted in the exercise of the police powers of this state for the purpose of protecting the health, peace, safety and welfare of the people of this state.

(c) It is hereby declared to be the purposes of this act to aid agricultural producers, processors or handlers of dairy products in the orderly distributing, transporting, manufacturing, selling, storing, handling, marketing, pricing, processing, producing and promoting of dairy products, to provide methods and means for the development of new and larger markets and to reduce waste in the marketing of dairy products.

11-36-104. Marketing orders; hearing on issuance or termination; notice and procedure; disposition; minimum pricing; conflicts in area.

(a) Upon receipt of a proposal from any interested person for issuance or termination of a marketing order and upon investigation by the board, if the board has reason to believe that a marketing order or the termination of a marketing order will effectuate the purposes of this act, the board shall afford all interested persons an opportunity for a hearing, after notice. All interested persons shall be afforded an opportunity to present evidence and argument with respect to a proposed marketing order or the termination of a marketing order. Notice of hearing and the procedures observed at the hearing shall be in compliance with the procedures governing contested cases under the Wyoming Administrative Procedure Act [§§ 16-3-101 through 16-3-115].

(b) At the conclusion of a hearing and after consideration of the evidence received at such hearing, the board shall make written findings of fact and conclusions of law, and may:

(a) Upon the conclusion of the hearing provided for in W.S. 11-36-104(a), the board shall issue a marketing order if it makes any of the following findings:

The board may adopt the methods and procedures presently prescribed by the United States department of agriculture in making similar determinations;

(ii) That the order will help approach and maintain such comparable general economic conditions at as rapid a rate as is feasible in view of the demand for any dairy product;

(iii) That the order will help to prevent economic waste of agricultural resources because of improper preparation of any dairy product for market, because of lack of uniform grading and inspection or because of excessive shipments to markets;

(iv) That the order will help to insure a beneficial future for any dairy product;

(v) That the order will help to protect the interests of consumers of any dairy product in assuring an adequate supply.

(b) In making the finding set forth in this section, the board shall take into consideration all facts available to it with respect to the following economic factors, which are not intended to be exclusive of all other economic factors:

11-36-106. Budget to cover costs; part of orders; assessments.

For the purpose of providing funds to defray expenses incurred in the administration of this act, the board shall prepare a budget covering the costs of administration including advertising and sales promotion when included in any marketing order. The funding of a budget, together with the assessment of such fees as are deemed necessary by the board, the time and conditions of payment of fees, which may not exceed five percent (5%) of the gross dollar value of commodities regulated by the marketing order, shall become a part of any marketing order. Every person engaged as a producer, processor or handler of any marketable dairy product directly affected by any marketing order for the product, shall pay to the board, at such time and in such manner as prescribed by the marketing order, an assessment as determined by the board to fund and cover the budget.

The alleged violation shall be prosecuted by the attorney general of the state or the district attorney.

(c) Upon filing with the board a complaint by any person other than the director, charging a violation of this act or any marketing order issued by the board, and prior to the institution of any court proceeding, the director may call a hearing to consider the charges set forth in the complaint. At the hearing the director may take testimony, administer oaths, subpoena witnesses and issue subpoenas for the production of books, records or documents of any kind. (x) Act jointly and in cooperation with the state or federal government, or any agency thereof in the administration of any program of the government or of a governmental agency deemed by the commission as beneficial to the wheat industry of this state and expend funds in connection therewith;

(xi) Adopt rules and regulations necessary to carry out the provisions of this act under procedures set forth in the Wyoming Administrative Procedure Act [§§ 16-3-101 through 16-3-115].

11-38-105. Authority to accept grants.

The commission may accept grants, donations, contributions or gifts from any source for expenditure for any purpose consistent with the powers and duties conferred on the commission.

11-38-106. Contributions allowed.

From the funds it receives, the commission may pay or contribute to organizations such as, but not limited to, the national wheat board, to carry out work and programs approved by the commission.

11-38-107. Administration of programs.

The director shall administer any marketing, utilization or promotion program in such manner as to best effectuate the purpose hereof, with the advice of the commission and board.

11-38-108. Assessments generally; refund of contributions; penalty for failure to pay or remit monies due or collected.

(a) The rate of assessment may be adjusted from time to time by the wheat marketing commission in order to cover any later findings by the wheat marketing commission of the estimated expenses or actual expenses that may be incurred in connection with any research, marketing, utilization and promotion program. The assessment shall not exceed two and one-half cents (\$.025) per bushel.

(b) All assessments made and levied pursuant to the provisions of this act shall be paid by the respective grower who is primarily liable therefor. An assessment shall be collected from the grower by the first handler thereof, warehouse, or elevator operator, and the handler shall remit to the director all assessments so collected not later than the fifteenth day of the month next succeeding the quarter in which the wheat is sold or contracted in commercial channels. Any handler within or without the state of Wyoming who fails or neglects to collect an assessment from any grower and to remit the collection to the director is guilty of a violation of this act.

(c) In case of a pledge or mortgage of wheat as security for a loan made from a governmental agency the assessment shall be deducted from the proceeds of the loan at the time of the disbursement of the loan. In case of an overage of wheat at the time of settlement of the loan, the assessment shall be paid on the overage. In case of a shortage at the time of settlement of the loan, the over payment will be credited to the grower's account. In case of purchase agreements under the federal price support program, the assessment shall be made at the time of final settlement. Wheat stored in private or public storage within the state shall not be liable for assessment until sale is made or loan secured.

(d) Any grower who by virtue of his activities or circumstances is within the meaning of the term "handler" as herein defined, or who shall sell, ship or otherwise dispose of wheat to a handler or other person or store wheat outside the jurisdiction of this act, shall forthwith remit to the director the full amount of the assessment due. Wheat originating from

any state that collects a similar levy upon wheat, but bases assessment upon the location of the first sale taking place within its jurisdiction shall be treated as if the wheat were grown within the state of Wyoming, being first handled by a Wyoming handler. At the first commission meeting following July 1 of each year, the commission shall determine which states collect a similar levy and shall then notify all domestic handlers of those states.

(e) A person who has paid any monies as provided in this act is entitled to a prompt refund of the contribution from the commission. A claim for refund shall be made to the commission not less than thirty (30) nor more than ninety (90) days from the date of sale, on a form prescribed and furnished by the commission. The claim refund form shall be duly acknowledged by the person submitting the claim.

(f) The commission, before processing and making refund, may require any additional information or affirmation under penalty of perjury it deems necessary to determine the validity of the claim for refund.

(g) Any person who fails to pay or remit any monies due or collected as provided in this act is guilty of a misdemeanor. Failure to so remit on each sale for which such monies are payable constitutes a separate offense and is not affected by any refund either pending at the time of the offense or made at a later date. Upon conviction any person guilty of such misdemeanor shall be subject to a fine of not more than fifty dollars (\$50.00).

11-38-109. Deposit and disbursement of collected monies; surety bond required.

(a) Monies collected pursuant to this act shall be deposited with the state treasurer's office and disbursed in accordance with the act.

11-38-110. Research programs to improve marketing or utilization; contents; budget of expenses.

Whenever the wheat commission deems it advisable to implement a research, promotion or market program for the improvement of the marketing or utilization of wheat in both foreign and domestic trade, the plan may include, but shall not be limited to, the opening of new markets for wheat; developing new ideas and uses for wheat both at home and abroad; exploring the possibility of developing new agricultural and industrial uses for wheat; and engaging in sales promotion and education programs. The wheat commission shall prepare and submit therewith a proposed program to the board of agriculture together with a budget.

(a) There is created the Wyoming lean beef committee. The initial membership of the committee shall consist of eleven (11) members of whom five (5) shall be members of the faculty of the University of Wyoming, one (1) shall be a person with professional training and experience related to human health and diet, designated by the president of the University of Wyoming, five (5) shall be appointed by the governor of whom three (3) shall be producers of beef cattle, one (1) shall be a person with training and experience in finance, one (1) shall be a person with training and experience in marketing and one (1) shall be the director of the department of agriculture or his designee serving ex officio. (c) State employees serving on the committee shall receive their normal compensation from their agency. Other members of the committee shall receive no compensation until the calendar year commencing after the calendar year in which the state first receives one thousand dollars (\$1,000.00) in royalty for the use of the Wyoming lean beef trademark at which time they shall begin receiving mileage and per diem at the same rate as state legislators.

(d) Every person or organization who pays royalty for more than five hundred (500) head of cattle for the use of the Wyoming lean beef trademark or trade name shall be entitled to designate one (1) nonvoting member of the Wyoming lean beef committee. This right shall be extended for the balance of the year in which necessary royalty is first paid and for the year following any year in which the necessary royalty is paid. Committee members designated under this subsection shall receive no compensation from the state for their services.

(e) The committee shall annually select from among its members a chairman and other officers deemed necessary.

(f) If any member of the committee has applied for or received a license to market Wyoming lean beef or has a financial interest in any organization which has applied for or received a license to market Wyoming lean beef he shall disclose that interest at this first appropriate time during an open meeting of the committee and shall not vote on the issuance of that license, on the issuance of any license for a geographically exclusive area for which he or his organization is also seeking a geographically exclusive license, or any other matter uniquely affecting his license.

11-40-103. Powers and duties of the committee.

(a) The committee shall:

(i) Promulgate regulations establishing quality standards as provided by W.S. 11-40-104 and modify these standards from time to time as necessary;

(ii) Establish regulations and procedures for licensing persons to use the trademark or trade name "Wyoming lean beef";

(iii) Enforce the quality standards for Wyoming lean beef;

(iv) As soon as possible register in the name of the state of Wyoming a trademark or trade name using the words "Wyoming lean beef" with the United States government and with any state where such registration appears prudent;

(v) Take any actions necessary to collect the royalties due the state of Wyoming for the use of the "Wyoming lean beef" trademark or trade name; and

(vi) Register labels to be used on Wyoming lean beef with appropriate agencies of the United States government and any state or foreign country.

(b) The committee may:

(i) Make recommendations to the University of Wyoming for further research concerning Wyoming lean beef;

(ii) Conduct and coordinate advertising and promotion campaigns as provided by W.S. 11-40-107;

(iii) Take any action necessary to prevent infringement of the trademark or trade name by others;

(v) Receive and disburse funds for advertising, promotion and product development as provided by this chapter and accept voluntary contributions and grants for these purposes;

(vi) Contract with other state agencies, agencies of the United States government and private parties to carry out the purposes of this chapter; and

(vii) Sue and be sued as a committee without individual liability for acts relating to the powers and duties of the committee.

11-40-104. Standards for Wyoming lean beef.

(a) The committee shall establish quality standards for Wyoming lean beef in accordance with the following:

(i) Cattle qualifying shall graze the summer before slaughter in Wyoming. The committee may increase the proportion of time the cattle must live in Wyoming, specifying that particular portions of their lives must be spent in Wyoming and may impose altitude requirements and geographic restrictions in whole or in part on any time spent outside Wyoming. The committee shall not impose any altitude requirement on cattle within Wyoming. For the purposes of these standards, cattle shall be deemed to be living within Wyoming even though the pasture where the cattle are grazing is outside Wyoming if those cattle:

(A) Have free access to land within Wyoming; or

(B) Are in a pasture located not more than twenty-five (25) miles from the Wyoming border and the owner of

the cattle is a Wyoming resident who physically resides within Wyoming and has his principal place of business in Wyoming.

(ii) Cattle qualifying shall be primarily grass fed cattle;

(iii) Cattle shall not be held in close confinement except for short periods in connection with operations necessary in the management of the cattle, including but not limited to calving, branding, vaccinating, weaning, transportation and slaughter;

(iv) Cattle qualifying shall have a hot carcass weight of at least four hundred (400) pounds. The committee may set a lighter minimum weight;

(v) Cattle qualifying shall have an untrimmed fat depth over the rib eye muscle at the twelfth (12th) rib of less than or equal to three tenths (0.3) of one inch. The committee may decrease the amount of fat permitted under this standard and may establish additional standards for fat. Except for ground beef, the committee shall not establish any fat standard that would permit more than three tenths (0.3) of one inch of untrimmed fat over the rib eye muscle of the twelfth (12th) rib;

(vi) Carcasses shall be electrically stimulated within one (1) hour after stunning. The committee may permit other treatments with similar effect in lieu of electrical stimulation and may eliminate this requirement if it no longer appears necessary to ensure adequate consumer acceptance;

(vii) Cattle shall not exceed thirty-two (32) months in age. The committee may vary this standard or prescribe in its place a maturity level that is to be judged from the characteristics of the carcass. The committee may also establish a minimum age;

(viii) Cattle shall not be given any growth promoting hormone;

(ix) Cattle shall not be given subtherapeutic levels of any antibiotic. This standard shall not be construed as prohibiting the use of therapeutic levels of any antibiotic for therapeutic purposes.

(b) For ground beef the committee shall establish separate standards which shall:

(i) Provide for a fat content of twenty percent (20%) or less. The committee may establish a lower fat content standard;

(ii) Include the same standards as are established pursuant to paragraphs (a)(i) through (iii), (viii) and (ix) of this section, but need not be consistent with the standards established pursuant to the balance of subsection (a) of this section;

(iii) Provide any other standards that may be necessary for ground beef.

(c) The committee may establish any additional quality standard which may be useful in:

(i) Improving the quality of the product;

(ii) Gaining consumer acceptance of the product;

(iii) Assisting in the enforcement of the remaining standards; and

(iv) Promoting human health and welfare through improvements in Wyoming lean beef.

11-40-105. Licensing; use of trademark; royalty.

(a) The committee may license any person to market Wyoming lean beef and use the label, trademark or trade name "Wyoming lean beef" who:

(i) Pays an annual licensing fee of one hundred dollars (\$100.00);

(ii) Pays an additional annual licensing fee of one thousand dollars (\$1,000.00) for each state or fraction thereof for which the licensee has obtained a geographically exclusive license;

(iii) Agrees to pay the royalty required by subsection (h) of this section;

(iv) Agrees to pay any additional royalty that may be established to support advertising and promotion programs;

(v) Agrees to abide by the standards established for Wyoming lean beef and to market no beef as Wyoming lean beef that fails to meet the standards;

(vi) Agrees to abide by applicable state and federal standards relating to public health and the slaughtering and preparation of meat for sale;

(vii) Agrees to abide by any other terms of the license the committee deems appropriate provided that the committee may make no term for the purpose of creating a monopoly in the marketing of Wyoming lean beef.

(b) The committee may give geographically exclusive licenses for markets outside Wyoming provided that the market shall not exceed the area the licensee can reasonably be expected to serve within a reasonable period of time and may be revoked in whole or in part for failure of the licensee to adequately supply the market with Wyoming lean beef. The committee may set specific volume of sales targets for the license to meet in order to retain a geographically exclusive license. If more than one (1) person applies for a geographically exclusive license for the same area the committee may divide the area or choose between the persons based on the criteria set forth in subsection (d) of this section.

(c) The issuance of a geographically exclusive license for a particular geographic area shall not prohibit other licensees from selling Wyoming lean beef directly to residents of the geographic area if the sales are for consumption and not for resale and are made within Wyoming or in response to mail or telephone solicitation originating within Wyoming or in response to an advertisement in a publication of national circulation. No geographically exclusive license shall include any of the state of Wyoming. No geographically exclusive license shall include more than twenty (20) of the states of the United States until the licensee has actually served the market within the states for which he is licensed.

(d) The committee may reject, restrict, accept, or accept in part an application for a license to market Wyoming lean beef, or may choose between competing applicants based upon:

(i) The financial strength of the applicant;

(ii) The marketing expertise of the applicant and his specific marketing plans;

(iii) The access of the applicant to a supply of Wyoming lean beef;

(iv) The prior experience of the applicant in relevant businesses; and

(v) Any other standards or criteria the committee deems appropriate.

(e) The committee may deny, revoke, suspend or limit the license of anyone who:

(i) Fails to abide by the provisions of subsection (a) of this section or any terms of the license;

(ii) Is convicted of violating the public health laws of the United States or any state;

(iii) Is convicted or has been convicted of any felony;

(iv) Willfully or unintentionally but repeatedly markets beef as Wyoming lean beef which does not meet the quality standards for Wyoming lean beef.

(f) Any retailer who is selling Wyoming lean beef furnished by any person licensed to sell Wyoming lean beef may use the "Wyoming lean beef" trademark or trade name in connection with any advertising or promotion of that beef. The committee may forbid licensees to furnish any Wyoming lean beef to any retailer who labels any other beef as Wyoming lean beef.

(g) The committee may seek through legal action monetary damages from any person labeling or selling as Wyoming lean beef any beef which does not meet the quality standards for Wyoming lean beef. Damages recovered may be used to reimburse the state for any expenses it may have incurred in connection with the case and may be used for advertising and promotion to overcome any damage to the public image of Wyoming lean beef.

(h) The committee shall annually set the royalty to be paid by licensees which shall be not less than fifty cents (\$.50) per head and not more than five dollars (\$5.00) per head and shall be designed to defray the expenses of the committee, the expenses of the inspection and enforcement program and give the state of Wyoming a return of eight percent (8%) per annum on

the monies appropriated for the marketing of Wyoming lean beef by Chapter 199, Wyoming Session Laws 1985 and by any other legislative appropriation and spent by the University of Wyoming on the 1985 San Francisco simulated market test. The royalties shall be deposited in the general fund of the state except that fifty percent (50%) of any royalties in excess of the amount budgeted for the expenses of the committee, the inspection and enforcement program and repayment to the state shall be deposited in the University of Wyoming fund to the credit of the agricultural experiment station account.

11-40-106. Enforcement of standards.

(a) The committee may promulgate rules or regulations necessary in the management of a program to enforce the standards for Wyoming lean beef.

(b) The committee may require licenses to conduct any inspections of ranching or slaughter operations necessary to insure compliance with Wyoming lean beef standards. The committee may require that this inspection program complies with any requirements imposed by the federal government to insure that the quality standards are met or that claims made on any label for, or advertising concerning, Wyoming lean beef are valid. Nothing in this subsection shall prevent the committee from having necessary inspections performed by employees of the department of agriculture or committee members or other appropriate persons.

11-40-107. Cooperative advertising and promotion.

(a) The committee may provide for the collection of additional royalties on the sale of Wyoming lean beef to pay for advertising and promotion programs. Such royalties may be levied on all Wyoming lean beef sold to pay for national advertising and promotion programs or only on Wyoming lean beef sold in particular markets or through particular channels of distribution to pay for advertising aimed at those markets, or both. If the volume of sales on which royalty is paid in a market in the previous year is fifty thousand dollars (\$50,000.00) or more, the additional royalties may be imposed on that market only with the consent of the persons paying two-thirds (2/3) of the royalties paid in that previous year. The committee shall define as necessary the markets and may classify sales as being in more than one (1) market. Any other assessment method may be used in whole or in part with the consent of all persons liable for the assessment. The royalties

or assessment shall be deposited in a separate account and shall be expended for advertising, promotion, product development and the expenses connected therewith in the market for which the royalty or assessment is collected. The committee may authorize the expenditure of funds in the account or may delegate that authority to the subcommittees provided by subsection (b) of this section.

(b) To administer the advertising and promotion campaigns, the committee shall appoint a subcommittee for each market for which funds are separately collected. The subcommittee shall consist of at least one (1) voting member of the committee and any nonvoting members of the committee representing persons who pay additional royalties or assessments for that market and who shall be entitled to vote within the subcommittee. The full committee may give the subcommittee guidelines and directions it shall follow and may choose to reserve to itself the right to veto all subcommittee actions or particular classes of subcommittee actions. When considering actions or information the knowledge of which could give competitors a commercial advantage, the subcommittee may hold executive sessions.

11-40-108. Wyoming supreme beef.

(a) The committee may register in the name of the state of Wyoming a trademark or trade name for "Wyoming supreme beef", "Wyoming premium beef" or some similar name containing the name of the state of "Wyoming". This trademark or trade name for beef shall be used to designate a product which may be produced with some period in a conventional feed lot. For this brand of beef the committee may:

(i) Establish standards as necessary which shall be the same as the standards established for Wyoming lean beef pursuant to W.S. 11-40-104(a)(i), (viii) and (ix), but need not be consistent with other standards established for Wyoming lean beef;

(ii) Provide for a program for inspection and enforcement of the standards;

(iii) Provide for licensing of persons to market the beef in the same manner as licensing is provided for Wyoming lean beef;

(iv) Provide for royalty collection, enforcement of license terms, protection of trademark and trade name from

infringement and cooperative advertising in the same manner as provided for Wyoming lean beef.

11-40-109. Termination of existence of committee.

(a) Repealed By Laws 2010, Ch. 69, § 204.

(b) If the sales volume falls below one million dollars (\$1,000,000.00) for three (3) successive years, the existence of the committee shall terminate on July 1 of the fourth year.

(f) If dry beans are mortgaged or pledged as security for a loan from a governmental agency, the assessment under this section shall be deducted from the proceeds of the loan at the time of the disbursement of the loan. If there is an overage of dry beans at the time of settlement of the loan, the over payment shall be credited to the account of the grower.

(g) Dry beans stored in private or public storage within the state shall not be liable for an assessment under this section until a sale of the beans is made.

(h) A grower who through his activities also qualifies as a handler under this act or a grower who ships, sells or otherwise disposes of beans to a handler or for storage outside of the jurisdiction of this act shall remit to the department the full amount of the assessment due under this section. Dry beans which originate from any other state that collects a similar assessment and the state bases the assessment on the location of the first sale shall be treated as if they were grown within Wyoming if the beans are handled first by a Wyoming handler. Not later than November 1 each year, the commission shall determine any states that collect a similar assessment as provided under this section and shall notify all handlers of those states.

(a) Any person who has paid any assessment as provided in this act is entitled to a prompt refund of the contribution from the commission upon request. The claim shall be made on a form prescribed and furnished by the commission. No assessment paid by a handler is refundable under this section unless the grower has also claimed a refund under this section for the matching portion of the assessment.

(b) Before processing any claim for refund under this section, the commission may require any additional information or affirmation under penalty of perjury it deems necessary to determine the validity of the claim.

11-50-108. Surety bond required to receive or disburse funds.
